VIRGINIA IN THE CIRCUIT COURT OF ROCKINGHAM COUNTY.

The State Commission on Conservation and Development  
of the State of Virginia, Petitioner

v.

Cassandra Lawson Atkins and others and fifty-two thousand, five  
hundred and sixty one (52,561) acres of land, more or less, Defendants

Your Undersigned, who were by an order of your Honor's  
Court, entered in the above styled proceeding on February 23  
1931, appointed Special Investigators and members of a Board of Ap-  
praisal Commissioners, beg leave to report that on February 23,  
1931, they and each of them, duly qualified by taking and subscribing  
the oath prescribed by law; and that subsequently thereto, to-wit,  
on February 23, 1931, they organized themselves into a Board of  
Appraisal Commissioners by electing one of their number, M. A. Price,  
as Chairman, and another member, George H. Levi, as Secretary:

That in obedience to the orders and directions of your  
Honor's Court they entered upon the performance of the duties  
imposed upon them as such Special Investigators and as such Board  
of Appraisal Commissioners, under the Provisions of the Public  
Park Condemnation Law, and having strictly complied with the pro-  
visions of that Act in the performance of the duties thus imposed  
upon them, they respectfully submit this their report of their  
proceedings and findings to the date hereof, specifically inviting  
attention at the same time and at the outset to the exceptions to  
the general statements and findings in the body of this report  
which are set forth in the concluding paragraphs hereof captioned  
as follows "EXCEPTIONS TO THE FOREGOING."

Your Undersigned caused a copy of the order of your Hon-  
or's Court entered on July 28, 1931, fixing the time and place of  
the hearings of claims and evidence in support thereof, to be

*the claim and your Undersigned thereupon heard and con-*

ed at the front door of the Court House of Rockingham County, and likewise caused a copy of said order to be mailed to each claimant of any right, title, estate or interest in the lands described in the petition, or of incidental damages arising from the proposed condemnation thereof, whose claim was at that time filed with the record in the Clerk's Office, to the address of such claimant as set forth in his answer or claim; such posting and such mailing was all done for a period of more than ten days before the time set in the aforesaid order for the hearings; and, pursuant to the order of your Honor's Court entered herein, and after notice to Petitioner, your Undersigned heard the evidence presented by the Petitioner and the owners and claimants whose answers or claims had been filed with the record, as to the nature, character, location, extent, ownership, and value of the lands described in the petition, and of the various separate parcels of tracts included therein of diverse ownership, and of any and all right, title, estate or interest therein, and of any incidental damages, owned or claimed by such owners or claimants.

During the progress of the hearings, many persons appeared and presented claims in or to rights, title, estates, or interests in various parcels or tracts of land within the area sought to be condemned, who had not filed answers or claims with respect thereto within the time prescribed by the statute, and asked to be heard and to be permitted to offer evidence in support of such claims: In every case the Petitioner waived its right to object to the presentation of such evidence on the ground that such claims had not been filed within the time prescribed by the statute, and asked that all such claims be permitted to be filed and evidence taken in support thereof, and that the evidence as to such claims be considered by your Undersigned as if said claims had been filed within the time fixed by law for the filing  
the claim, and your Undersigned thereupon heard and consid

evidence as to such claims presented by these claimants and the Petitioner, and as to the fact or facts of value thereof and of the fee simple estate of the various tracts or parcels of land with reference to which such claims were set up.

Many of the claims could not be heard on the days fixed for the hearing of the same because of inability of parties to properly prepare for the presentation of the evidence; in all such cases, the hearings, and the taking of evidence were regularly adjourned from time to time, and from place to place to suit the convenience of the claimants and petitioner.

After the Petitioner and all the owners and claimants who had filed answers or claims or had submitted claims as aforesaid had been thus given an opportunity to be heard and to submit evidence in support of their claims, and had been heard and had submitted their evidence, your Undersigned met and considered the evidence thus submitted at length, and went on all the various tracts or parcels of land of diverse ownership, within the area sought to be condemned, as to which any such claims had been filed, and also went upon all the various tracts or parcels of land of diverse ownership within the area as to which no answers or claims had been filed or submitted with the record, but which, by diligent search and inquiry, and upon evidence furnished by the Petitioner and others, your Undersigned found to be included within the said area; and viewed the same extensively for the purpose of aiding them in ascertaining and determining the fact of facts of value of such tracts or parcels of land and their identity with the lands described in the various answers or claims filed with the record; or their identity with parcels or tracts of land shown by the Petitioner or appearing to the Undersigned, as a result of diligent search and inquiry, to belong to owners who had failed to file answers or claims; or their identity with

parcels or tracts of land in or with reference to which infants, insane persons, or persons under legal disability were found or appeared to have any claim of right, title, estate, or interest or of incidental damages.

In addition to the hearings aforesaid held after due notice as above set out, further hearings were had and further opportunity to be heard and to present evidence was given to the Petitioner and to all owners and claimants within the area in strict compliance with the order of this court entered on March 14 1932, providing for notice by publication of the time and place of such hearings; and at the time and place set out in said notice your Undersigned gave all owners and claimants an opportunity to be heard and to submit evidence in support of their claims and to submit such further and additional evidence as they desired to present as to claims on which they had already been heard, and as to the fact or facts of value thereof and of the fee simple estate of the various tracts or parcels of land with reference to which such claims were set up.

At the hearings above set out the Petitioner submitted a map, prepared by its engineers, surveyors, and land examiners, purporting to be a correct and accurate map of the entire area described in the petition, and to show each and every parcel or tract of land within the area of diverse ownership, and the boundary lines thereof, including all parcels and tracts of land within the area of known and unknown ownership, or as to which claims of ownership or incidental damages arising out of the proposed condemnation thereof had been filed in the record, each of said tracts or parcels of land being given a separate number as shown on said map by reference to which it is and may be identified in this report and the attached exhibit sheets.

In the course of your Undersigned's personal view and

inspection of the lands within the area as above set out, they personally visited each and every tract or parcel of land shown on this map, (except only as hereinafter indicated) and carefully checked from personal observation and view the subdivisions into which it is divided and basing their findings upon such inspection and upon the evidence submitted at the hearings, your Undersigned find and report that the said map is a correct and accurate map of the entire area described in the petition; that said area contains approximately fifty-two thousand, five hundred and sixty one (52,561) acres of land and that (with the corrections and amendments made thereon under the direction of your Undersigned as required by the facts disclosed by the evidence adduced at the hearings and their own inspection and view of the lands within the area) said map correctly discloses all the separate tracts and parcels of diverse ownership within the area sought to be condemned:- and, examined together with the exhibit sheets hereinafter mentioned, it shows the location and boundary lines of each tract or parcel of land in and to or with reference to which claims or answers have been filed with the record in the Clerk's Office, and in and to or with reference to which your Undersigned have been able to discover by diligent search and inquiry that any infant, insane person, or person under legal disability has or is entitled to a real claim, of right, title, estate or interest, and in and to which any other person who has not actually filed a claim, has or may be entitled to a real claim; and correctly discloses also all tracts or parcels of land within the area described by the petition to which your Undersigned have found conflicting or overlapping claims, or in and to which claims of less than the fee simple estate have been filed with the record in the Clerk's Office. The said map is submitted herewith and prayed to be taken, examined and filed as a part of this report, and, for purposes of identification, bears

the signature of the Secretary of your Board on its lower left hand corner,

Upon a full and thorough consideration of the matters set forth in the petition, and the respective claims or answers filed with the record, and of the evidence adduced and submitted with respect thereto, both by claimants and petitioner, and of the arguments of such counsel as appeared on behalf of the petitioner and the claimants, and of the information and evidence afforded by the aforesaid view of said lands, and of the said tracts and parcels of diverse ownership, contained therein, your Undersigned submit their findings as follows:

(a) That the fact or facts of value of the fee simple estate in each and every separate parcel or tract of land of diverse ownership within the boundary lines set out in the petition, regardless of all and any conflicting claims of right, or title, or estate, or interest in or to the premises, are as shown by aforesaid map read together with the exhibit sheets filed herewith setting forth the value of each and every parcel or tract of land shown as aforesaid on the said map, the value thus found in each case being the fair market value.

The said separate tracts or parcels of land shown on said map include each and every tract or parcel of land of diverse ownership within the boundary lines set forth in the petition, and specifically, each and every separate tract or parcel of land to or in which any claim of right, title or estate, or interest has been filed with the record in Clerk's Office or set up in the course of the proceedings; or to or in which the Undersigned in the performance of their duties as Special Investigators, and as a Board of Appraisal Commissioners have heretofore found or reported or do herein find or report in said exhibit sheets, read together with said map, that any infant, insane per-

son, or person under other legal disability, or any other person who has not filed his claim with the record, has a real and well founded title or claim of right, title or interest; or to or in which it appears from the record or otherwise that any infant, insane person, or person under other legal disability has any title, or claim of right, title, estate or interest.

Said exhibit sheets are prayed to be taken and read as a part of this report, all of said exhibit sheets being paged consecutively from one to **372-1**, page one thereof setting forth a summary table of the contents, and bearing the signature of the Secretary of your Board of Appraisal Commissioners, in the lower left hand corner for the purpose of proper identification.

(b) That the amount of incidental damages which will result from the proposed condemnation or use of the lands described in the petition for a public park or park purposes to which any person whose claim is filed with the record in the Clerk's Office is entitled under such claim or to which your Undersigned have found any infants, insane person, or person under legal disability not represented by a guardian ad litem at the date of the filing of this report to be entitled, is the amount of such incidental damages found by the Undersigned and shown in the above described exhibit sheets filed herewith, read together with the aforesaid map.

(c) We further find the fact or facts of value as to all claims of right, title, or estate, or interest in or to the land described in the petition filed in the course of these proceedings by owners or claimants in their own behalf, or filed in behalf of infants, insane persons, or persons under legal disability to be<sup>as</sup> shown by the accompanying map read together with the attached exhibits setting forth our findings as to the value of the fee simple estate in each of the parcels of land shown on

said map, the value of such claims being equal in amount to the value placed on the fee simple estate in the respective parcel or parcels to which as shown by said map and exhibits we find that these claims were respectively directed, it being understood, however, that wherever it appears from said map and exhibits that conflicting or overlapping claims, or separate claims to a less estate than the fee simple estate refer to the same tract of land our findings as to such conflicting or separate claims is limited, unless otherwise expressly shown in said exhibit and work sheets filed herewith, to a finding that the total value of all such claims in each separate parcel equals the value of the fee simple estate in such parcel or tract, as shown in the above mentioned exhibit sheets.

(d) We further find the amount of the respective real claims in the proceeds of the lands described in the petition, to which the respective owners and claimants are entitled, to be the value of the fee simple estate in each parcel or tract of land as disclosed by the said map and the accompanying exhibit sheets to which they have laid claim or to which where no claim has been made, they may hereafter show that they are entitled, it being understood, however, that wherever it appears from said map and exhibits or otherwise that conflicting or overlapping claims, or separate claims to a less estate than the fee simple title refer to the same parcel or parcels or tract or tracts of land, our finding as to such conflicting or separate claims is limited to a finding that the total of all the real claims in the proceeds of the lands described in the petition to which such conflicting or separate claimants are entitled equals the value of the fee simple estate in the respective parcel or parcels or tract or tracts, shown by said map, and accompanying exhibit sheets, with respect to which as shown by said map read together with the attached exhibit sheets, we find that such conflicting or overlap-

ping claims or separate claims to a less estate than the fee simple estate have heretofore been asserted.

Your Undersigned further report that in the course of the proceedings and in the performance of their duties both as Special Investigators and members of a Board of Appraisal Commissioners they made diligent inquiry as to the existence of any land within the area described in the petition, or parcels or tracts of land, or right, or title, or interest, or estate therein, within the boundary line set forth in the petition, and as to the existence of any claim or claims in or to the proceeds of any of the lands sought to be condemned, which are owned or as to which any real claims could be asserted in behalf of any infant, insane person, or person under other legal disability, or to which any person who has failed to appear and answer or file the necessary pleadings to entitle him to be heard at the above mentioned hearings upon the value of the land or estate, or interest sought to be condemned is entitled; and of any property or properties owned by such persons which will be damaged by the taking of the land sought to be condemned and the use of the same for a public park or for public park purposes; and that in the attached exhibit sheets read together with the said map there is set forth such information as your Undersigned have been able to secure as to the location and value of the parcels or tracts of land within the area sought to be condemned, in which such persons own or are entitled to any right, title, estate, or interest or by reference to which any claim of right, title, or estate, or interest has been set up, or as to which any real claim might be set up in behalf of such persons in the proceeds of the lands sought to be condemned; and that in all cases wherein your Undersigned have been informed or found that any infant, insane person, or person under other legal disability has or appears to have any such claim of right,

title, estate or interest in or to the land sought to be condemned or in or to any parcel or tract contained thereon, or to incidental damages, a guardian ad litem has heretofore been appointed by this Court and such guardian ad litem, after accepting notice, has been given an opportunity to be heard and has been heard as to such claim, and as to the value of the parcel or parcels or tract or tracts of land with relation to which such claim has been or may be asserted.

Your Undersigned further report that they spent a great deal of time in the hearing of the evidence, and the arguments of counsel, and in viewing the various tracts included in the area described in the petition; and likewise spent much time in considering and exchanging view with each other as to the value of said lands and of said damages; the time so consumed aggregating at least <sup>180</sup> days.

In *(two)* separate envelopes or wrappers your Undersigned submit herewith the written or printed evidence submitted by the petitioner and the respective claimants in the course of the hearings and taken into the possession of the Undersigned, together with transcripts of the stenographic notes of so much of the oral testimony as was reduced to writing for the record, and separate maps of each of the tracts or parcels of diverse ownership as shown on the above mentioned map of the entire area sought to be condemned, which separate maps were submitted by the petitioner as a part of its evidence as to the nature, character, and elements of value to be taken into consideration in ascertaining the value of said tracts or parcels of diverse ownership within the area described in the petition, each of such envelopes and packages being suitably identified by the signature of the Secretary of the Board.

Your Undersigned further submit herewith in *(one)* separate envelopes or wrappers suitably identified by the signature

REPORT OF THE COMMISSIONERS

of the Secretary of your Board of Appraisal Commissioners, their "Work Sheets" setting forth in detail their findings as to the nature, character, location and extent of each of the said tracts or parcels of land of diverse ownership shown on the above mentioned map, and of the improvements thereon, and of claims of right, title, estate, or interest therein filed with the record in the Clerk's Office, or found by the Undersigned where no such claims have been filed with the record in the Clerk's Office:- the data set forth in said Work Sheets including the principal elements of value upon which your Undersigned have based their findings as to the fact or facts of value set out in this report read together with the said map and "exhibit sheets" filed herewith.

EXCEPTIONS TO THE FOREGOING

No. 1 After your Undersigned had given the petitioner and all persons claiming any right, title, estate or interest in the lands described in the petition, or incidental damages arising from the condemnation thereof, an opportunity to be heard, and after hearing all such claimants as presented themselves as to the value of said lands and the amount of said incidental damages, in the manner and form above set out, your Undersigned at the request of the petitioner, suspended the proceedings without making the intensive personal inspection and view of the tracts or parcels of land shown on the aforesaid map and exhibits filed herewith and bearing the numbers set out at the foot of this exception, which your undersigned believe to be necessary for the correct ascertainment and determination of the fact or facts of value of the fee simple estate in each of said tracts or parcels of land, and of incidental damages arising out of the condemnation thereof.

Counsel for the petitioner having advised the Undersigned that it is considering the advisability of moving the court to exclude from the lands described in the petition, as the lands sought to be condemned in these proceedings, certain tracts or parcels of land, including the said tracts or parcels whose numbers are set out at the foot of this exception, your Undersigned have deemed it proper to accede to the said request of the petitioner to suspend the proceedings looking to the ascertainment and determination of the fee simple value of these tracts or parcels, pending the further order of the Court, in order to expedite the proceedings and relieve the interested parties from unnecessary costs and expenses.

The number of the tracts or parcels referred to in this Exception as shown on said map and exhibit sheets, are as follows:  
10-e, 10-f, 41-b, 111-a, 120-a, 121-a, 123-a, 124-a, 131, 132, 133, 134, 135, 135-a, 136, 137, 138, 141, 148, 155, 156, 157, 159, 161, 162, 169, 170, 184, 192, 195, 216, 216-a, 217, 218, 245, 247, 267, 288, 329, 330, 333, 334, 360, 366. 110.

No. 2      The Harrisonburg Mutual Telephone Company/<sup>also</sup>operates a telephone line within the area sought to be condemned, and although no claim therefor was filed with the record in the Clerk's Office, the said Company appears to have a claim to an easement including the right to conserve, maintain, and conduct said telephone line and telephone poles on and over the land sought to be condemned. Subject to the further order of the Court, and at the request of the petitioner, your Undersigned have not undertaken to ascertain or determine the value of said claim or of the property rights included therein, because the petitioner has advised your Undersigned that it is not its present purpose to seek the condemnation of any of the property rights included therein to which the said Company may be entitled, and that under authority of the provisions of Section 22 of the Public Park Act it is the present purpose of the Petitioner to seek only the condemnation of the fee simple estate of the lands described in the petition, subject to the easement and all rights to which the said Company or its successors in interest now are entitled, to conserve, maintain, and conduct its said telephone line and telephone poles on and over the lands sought to be condemned.

The telephone line within the area described in the petition, by reason of which the said Company appears to have a claim, is not shown on the aforementioned map filed with this report, nor is this claim shown on Table One of the above mentioned Exhibit Sheets, but it runs for a distance of approximately four miles, and begins at a point where the Elk Run Road enters the land of Edgar Hensley; thence along the Elk Run Road to E. A. Deane's store, and crosses over or on tracts No. 216, 217, 62, 53-a, 63, 60, 10-a, 42, 44, 45, 35, 36, 28, 37, 38, 19, 370, 25, 26, 24, 23, 13.

No. 3      The Harrisonburg Mutual Telephone Company/<sup>also</sup>operates a telephone line within the area sought to be condemned, and although

no claim therefor was filed with the record in the Clerk's Office, the said Company appears to have a claim to an easement including the right to conserve, maintain, and conduct said telephone line and telephone poles on and over the land sought to be condemned. Subject to the further order of the Court, and at the request of the Petitioner, your Undersigned have not undertaken to ascertain or determine the value of the said claim or of the property rights included therein, because the Petitioner has advised your Undersigned that it is not its present purpose to seek the condemnation of any of the property rights included therein to which the said Company may be entitled, and that under authority of the provisions of Section 22 of the Public Park Act it is the present purpose of the Petitioner to seek only the condemnation of the fee simple estate of the lands described in the petition, subject to the easement and all rights to which the said Company or its successors in interest now are entitled, to conserve, maintain, and conduct its said telephone line and telephone poles on and over the lands sought to be condemned,

The telephone line within the area described in the petition, by reason of which the said Company appears to have a claim, is not shown on the aforementioned map filed with this report, nor is this claim shown on Table One of the above mentioned Exhibit Sheets, but it runs for a distance of approximately two miles, and begins at the junction of the Spotswood Trail and the Road;  
Beldor / thence along the Beldor road to the junction with the Sandy Bottom road; thence with the Sandy Bottom road to the tract of land claimed by June J. Comer, and crosses over or on tracts No. 84, 92, 114, 115, 79-a, 122, 124, 133, 134, 132, 123, 10-e, 121-a, 123-a, 120-a.

also

No.4      The Harrisonburg Mutual Telephone Company/operates a telephone line within the area sought to be condemned, and although no claim therefor was filed with the record in the Clerk's Office, the said Company appears to have a claim to an easement including the right to conserve, maintain and conduct said telephone line and telephone poles on and over the land sought to be condemned. Subject to the further order of the Court, and at the request of the Petitioner, your Undersigned have not undertaken to ascertain or determine the value of the said claim or of the property rights included therein, because the Petitioner has advised your Undersigned that it is not its present purpose to seek the condemnation of any of the property rights included therein to which the said Company may be entitled, and that under authority of the provisions of Section 22 of the Public Park Act it is the present purpose of the Petitioner to seek only the condemnation of the fee simple estate of the lands described in the petition, subject to the easement and all rights to which the said Company or its successors in interest now are entitled, to conserve, maintain, and conduct its said telephone line and telephone poles on and over the lands sought to be condemned.

The telephone line within the area described in the petition, by reason of which the said Company appears to have a claim, is not shown on the aforementioned map filed with this report, nor is this claim shown on Table One of the above mentioned Exhibit Sheets, but it runs for a distance of approximately four and a half miles, and begins at the junction of the Park boundary and the Spotswood Trail; thence along the Spotswood Trail to Meadow's Store; thence leaving the highway and running in an easterly direction to Swift Run Gap, and crosses over or on tracts No, 106-a, 107, 108, 106, 105, 97, 95, 94, 93, 92, 84, 83, 81, 82 368,79,187,77,185,75,168,118.

No. 5 E. T. Wyant operates a telephone line within the area sought to be condemned, extending from the intersection of the Gap Run Road with the Park boundary to the foot of the Blue Ridge Mountain. He claims the right to maintain and conduct a telephone line and telephone poles on and over the lands sought to be condemned.

The part of the telephone line claimed by E. T. Wyant within the area described in the petition, runs for a distance of approximately three and one-half miles on or over the lands described in the petition, and begins at a point where the Gap Run Road enters the Park area on the property of T. L. Yancey; thence in a southerly direction along the Gap Run Road to the foot of the Blue Ridge Mountain at the Alexander Shifflett tract, and crosses over or on tracts No. 213, 163, 161, 162, 164, 166, 358, 165-a, 235, 236, 10-g, 175, 359, 177, as shown on said map. Your Undersigned have fixed the value of this telephone line at Seventy-five dollars. The line by reason of which the said E. T. Wyant has filed a claim, is not shown in Table 1 of the above mentioned exhibit sheets.

No. 6 The Virginia Public Service Corporation, which appears to be a corporation organized and operating under the laws of the State of Virginia, operates an electric, transmission and distributing system within the area sought to be condemned. And although no claim therefor was filed with the record in the Clerk's Office, the said Corporation appears to have a claim to an easement including the right to conserve, maintain and conduct said transmission lines and poles on and over the lands sought to be condemned. Subject to the further order of the court, and at the request of the Petitioner, your Undersigned have not undertaken to ascertain or determine the value of said claim or of the property rights included therein, or the amount of incidental damages arising out

of the proposed condemnation, because the Petitioner has advised your Undersigned that it is not its present purpose to seek the condemnation of any of the property rights included therein to which the said Virginia/Service Corporation may be entitled, and that under the authority of the provisions of Section 22 of the Public Park Act, it is the present purpose of the Petitioner to seek only the condemnation of the fee simple estate in the lands described in the petition, subject to the easement and all rights to which the said Corporation, or its successors in interest now are entitled, or at the time of the condemnation may be entitled to conserve, maintain and conduct its said electric, transmission and distributing system including lines and poles on and over the lands sought to be condemned.

The part of the electric transmission system within the area sought to be condemned, by reason of which the said Corporation appears to have a claim, begins at the junction of the Park boundary and the Spotswood Trail, thence along the Spotswood Trail to Meadow's Store, and crosses over or on tracts 106-a, 108, 111, 112, 113, 95, 94, 93, 92, 84, 83, 117, 82, 81, 368, as shown on the said map filed with this report, a distance of approximately two and one-half miles. The lines by reason of which the said Corporation appears to have a claim are not shown on the aforementioned map filed with this report, nor is this claim shown on Table 1 of the above mentioned exhibit sheets.

No. 7 Since the date of the filing of the petition in these proceedings, the United States of America appears to have acquired title to the fee simple estate in a strip of land one hundred feet wide, running through a portion of the area described in the petition, upon which a road is now in course of construction by the Bureau of Public Roads of the U. S. Department of Agriculture,

which said strip of land is not shown on said map, but runs through the tracts shown on the above mentioned map filed with this report, numbered as follows: No. 76, No. 69, No. 68, No. 52, No. 51, No. 50, No. 48, No. 49, No. 30, No. 372, No. 372-I.

Your Undersigned find the acreage and the value of the fee simple estate in the respective portions of said strip of land included in each of the above set out tracts of land (disregarding the improvements and road construction thereon) to be the acreage and amounts set out after the number on the said map designating the respective tracts as follows:: Portion of said strip of land:-  
In Tract No. 76, Value \$283.00, Acreage 8.26:- In Tract No. 69, Value \$11.00, Acreage 2.19:- In Tract No. 68, Value \$193.00, Acreage 8.82:- In Tract No. 52, Value \$9.00, Acreage 3.00:- In Tract No. 51, Value \$22.50, Acreage 4.59:- In Tract No. 50, Value \$55.00, Acreage 2.73:- In Tract No. 48, Value \$120.00, Acreage 2.96:- In Tract No. 49, Value \$126.40, Acreage 4.56:- In Tract No. 30, Value \$76.00, Acreage 27.32:- In Tract No. 372, Value \$3.00, Acreage 1.00: In Tract No. 372-I, Value \$43.00, Acreage 7.00.

In ascertaining and determining the value of each of the above mentioned tracts, through which said strip of land runs, which value is set forth in Table II of the above mentioned Exhibit Sheets, Your Undersigned fixed this value upon each of said tracts in its entirety, without taking into consideration the said road construction and improvements, and without deducting therefrom the value of the strip which appears to have been acquired by the United States of America during the course of these proceedings as above set forth. Your Undersigned, therefore, here find and report the value of the residue of each of the above enumerated and numbered tracts of land after excluding therefrom the portion of the said strip of land included therein, and to which the United States of America appears to have a claim of ownership, to be the value of

the tract in its entirety as shown in Table II of the Exhibit Sheets filed herewith, less the value of the fee simple estate in the portion of the said strip of land included therein as above set out.

Subject to the further order of the Court, and at the request of the petitioner, your Undersigned have not sought to ascertain or determine the value of the entire fee simple estate in the above mentioned strip of land which appears to have been acquired by the United States, and on which large expenditures have been made and are being made in the construction of a road.

Nevertheless, the petitioner having advised your Undersigned that it is its present purpose and intention, under authority of Section 22 of the Public Park Law, to acquire the fee simple estate in the said strip of land, but subject to any easement of passage and right of way which has been or may hereafter be claimed or set up in behalf of the United States of America, your Undersigned find and report the value of the fee simple estate in the said strip of land, subject to such easement of passage and right of way, to be one dollar U. S. Currency.

Your Undersigned further report in this connection that under the terms of the various recorded deeds, ~~and~~ by virtue of which the above mentioned strip of land was conveyed to the Grantor from whom the United States of America appears to have acquired title thereto, it appears that depending on the amount of the award, the petitioner will have a claim to an interest in the proceeds of condemnation of each of the above enumerated tracts or that the owners of the fee simple estate in such tracts will have a claim against the Petitioner, as and when such award is made: But your Undersigned do not undertake to ascertain or determine the amount of the value of such claims which appears to be dependent in each

case upon the amount finally awarded by this court in the event that the said tracts or any of them are condemned in these proceedings.

No. 8 Your Undersigned find that the lands described in the following answers and claims of ownership filed with the record in the Clerk's Office, are located outside the area described in the petition, the claimants having filed their answers or claims under the mistaken belief that the lands claimed by them lie within the boundary lines set forth in the petition:

Claim of John Gooden to two acres of land located about seven miles from Elkton in Stonewall Magisterial District, Rockingham County, Virginia, adjoining Ashby Gooden on the North, Royer tract on the South, Burner tract on the East, and Maggie Roach on the West.

Claim of Mrs. Charles Roach to four acres of land located about six miles from Elkton, in Stonewall Magisterial District, Rockingham County, Virginia, adjoining Bernard Boyer on the North, John Burner on the South, John Gooden on the East, and John Burner on the West.

Claim of the School Board of Rockingham County to eighty-two poles of land located about three miles south of Port Republic, in Stonewall Magisterial District, Rockingham County, Virginia, adjoining Ashby Mace on the North, Arthur Raines on the South, and Ashby Mace on the East.

Subject to the further order of the Court, and at the request of the Petitioner, your Undersigned after giving these claimants an opportunity to be heard as to the location and value of the lands described in their respective claims, have

Original Report

of

Appraisal Comms' 414

VIRGINIA IN THE CIRCUIT COURT OF ROCKINGHAM COUNTY.

The State Commission on Conservation and Development  
of the State of Virginia, Petitioner

v.

Cassandra Lawson Atkins and others and fifty-two thousand, five hundred and sixty one (52,561) acres of land, more or less, Defendants.

Your Undersigned, who were by an order of your Honor's Court, entered in the above styled proceeding on February 23 1931 , appointed Special Investigators and members of a Board of Appraisal Commissioners, beg leave to report that on February 23, 1931, they and each of them, duly qualified by taking and subscribing the oath prescribed by law; and that subsequently thereto, to-wit, on February 23, 1931 , they organized themselves into a Board of Appraisal Commissioners by electing one of their number, M. A. Price, as Chairman, and another member, George H. Levi, as Secretary:

That in obedience to the orders and directions of your Honor's Court they entered upon the performance of the duties imposed upon them as such Special Investigators and as such Board of Appraisal Commissioners, under the Provisions of the Public Park Condemnation Law, and having strictly complied with the provisions of that Act in the performance of the duties thus imposed upon them, they respectfully submit this their report of their proceedings and findings to the date hereof, specifically inviting attention at the same time and at the outset to the exceptions to the general statements and findings in the body of this report which are set forth in the concluding paragraphs hereof captioned as follows "EXCEPTIONS TO THE FOREGOING."

Your Undersigned caused a copy of the order of your Honor's Court entered on July 28, 1931 .fixing the time and place of the hearings of claims and evidence in support thereof, to be post-

ed at the front door of the Court House of Rockingham County, and likewise caused a copy of said order to be mailed to each claimant of any right, title, estate or interest in the lands described in the petition, or of incidental damages arising from the proposed condemnation thereof, whose claim was at that time filed with the record in the Clerk's Office, to the address of such claimant as set forth in his answer or claim; such posting and such mailing was all done for a period of more than ten days before the time set in the aforesaid order for the hearings; and, pursuant to the order of your Honor's Court entered herein, and after notice to Petitioner, your Undersigned heard the evidence presented by the Petitioner and the owners and claimants whose answers or claims had been filed with the record, as to the nature, character, location, extent, ownership, and value of the lands described in the petition, and of the various separate parcels of tracts included therein of diverse ownership, and of any and all right, title, estate or interest therein, and of any incidental damages, owned or claimed by such owners or claimants.

During the progress of the hearings, many persons appeared and presented <sup>34</sup> claims in or to rights, title, estates, or interests in various parcels or tracts of land within the area sought to be condemned, who had not filed answers or claims with respect thereto within the time prescribed by the statute, and asked to be heard and to be permitted to offer evidence in support of such claims: In every case the Petitioner waived its right to object to the presentation of such evidence on the ground that such claims had not been filed within the time prescribed by the statute, and asked that all such claims be permitted to be filed and evidence taken in support thereof, and that the evidence as to such claims be considered by your Undersigned as if said claims had been filed within the time fixed by law for the filing of the claim, and your Undersigned thereupon heard and considered the

evidence as to such claims presented by these claimants and the Petitioner, and as to the fact or facts of value thereof and of the fee simple estate of the various tracts or parcels of land with reference to which such claims were set up.

Many of the claims could not be heard on the days fixed for the hearing of the same because of inability of parties to properly prepare for the presentation of the evidence; in all such cases, the hearings, and the taking of evidence were regularly adjourned from time to time, and from place to place to suit the convenience of the claimants and petitioner.

After the Petitioner and all the owners and claimants who had filed answers or claims or had submitted claims as aforesaid had been thus given an opportunity to be heard and to submit evidence in support of their claims, and had been heard and had submitted their evidence, your Undersigned met and considered the evidence thus submitted at length, and went on all the various tracts or parcels of land of diverse ownership, within the area sought to be condemned, as to which any such claims had been filed, and also went upon all the various tracts or parcels of land of diverse ownership within the area as to which no answers or claims had been filed or submitted with the record, but which, by diligent search and inquiry, and upon evidence furnished by the Petitioner and others, your Undersigned found to be included within the said area; and viewed the same extensively for the purpose of aiding them in ascertaining and determining the fact of facts of value of such tracts or parcels of land and their identity with the lands described in the various answers or claims filed with the record; or their identity with parcels or tracts of land shown by the Petitioner or appearing to the Undersigned, as a result of diligent search and inquiry, to belong to owners who had failed to file answers or claims; or their identity with

parcels or tracts of land in or with reference to which infants, insane persons, or persons under legal disability were found or appeared to have any claim of right, title, estate, or interest or of incidental damages.

In addition to the hearings aforesaid held after due notice as above set out, further hearings were had and further opportunity to be heard and to present evidence was given to the Petitioner and to all owners and claimants within the area in strict compliance with the order of this court entered on March 14 1932, providing for notice by publication of the time and place of such hearings; and at the time and place set out in said notice your Undersigned gave all owners and claimants an opportunity to be heard and to submit evidence in support of their claims and to submit such further and additional evidence as they desired to present as to claims on which they had already been heard, and as to the fact or facts of value thereof and of the fee simple estate of the various tracts or parcels of land with reference to which such claims were set up.

At the hearings above set out the Petitioner submitted a map, prepared by its engineers, surveyors, and land examiners, <sup>35</sup> purporting to be a correct and accurate map of the entire area described in the petition, and to show each and every parcel or tract of land within the area of diverse ownership, and the boundary lines thereof, including all parcels and tracts of land within the area of known and unknown ownership, or as to which claims of ownership or incidental damages arising out of the proposed condemnation thereof had been filed in the record, each of said tracts or parcels of land being given a separate number as shown on said map by reference to which it is and may be identified in this report and the attached exhibit sheets.

In the course of your Undersigned's personal view and

inspection of the lands within the area as above set out, they personally visited each and every tract or parcel of land shown on this map, (except only as hereinafter indicated) and carefully checked from personal observation and view the subdivisions into which it is divided and basing their findings upon such inspection and upon the evidence submitted at the hearings, your Undersigned find and report that the said map is a correct and accurate map of the entire area described in the petition; that said area contains approximately fifty-two thousand, five hundred and sixty one (52,561) acres of land and that (with the corrections and amendments made thereon under the direction of your Undersigned as required by the facts disclosed by the evidence adduced at the hearings and their own inspection and view of the lands within the area) said map correctly discloses all the separate tracts and parcels of diverse ownership within the area sought to be condemned:- and, examined together with the exhibit sheets hereinafter mentioned, it shows the location and boundary lines of each tract or parcel of land in and to or with reference to which claims or answers have been filed with the record in the Clerk's Office, and in and to or with reference to which your Undersigned have been able to discover by diligent search and inquiry that any infant, insane person, or person under legal disability has or is entitled to a real claim, of right, title, estate or interest, and in and to which any other person who has not actually filed a claim, has or may be entitled to a real claim; and correctly discloses also all tracts or parcels of land within the area described by the petition to which your Undersigned have found conflicting or overlapping claims, or in and to which claims of less than the fee simple estate have been filed with the record in the Clerk's Office. The said map is submitted herewith and prayed to be taken, examined and filed as a part of this report, and, for purposes of identification, bears

the signature of the Secretary of your Board on its lower left hand corner,

Upon a full and thorough consideration of the matters set forth in the petition, and the respective claims or answers filed with the record, and of the evidence adduced and submitted with respect thereto, both by claimants and petitioner, and of the arguments of such counsel as appeared on behalf of the petitioner and the claimants, and of the information and evidence afforded by the aforesaid view of said lands, and of the said tracts and parcels of diverse ownership, contained therein, your Undersigned submit their findings as follows:

(a) That the fact or facts of value of the fee simple estate in each and every separate parcel or tract of land of diverse ownership within the boundary lines set out in the petition, regardless of all and any conflicting claims of right, or title, or estate, or interest in or to the premises, are as shown by aforesaid map read together with the exhibit sheets filed herewith setting forth the value of each and every parcel or tract of land shown as aforesaid on the said map, the value thus found in each case being the fair market value.

The said <sup>se</sup> separate tracts or parcels of land shown on said map include each and every tract or parcel of land of diverse ownership within the boundary lines set forth in the petition, and specifically, each and every separate tract or parcel of land to or in which any claim of right, title or estate, or interest has been filed with the record in Clerk's Office or set up in the course of the proceedings; or to or in which the Undersigned in the performance of their duties as Special Investigators, and as a Board of Appraisal Commissioners have heretofore found or reported or do herein find or report in said exhibit sheets, read together with said map, that any infant, insane per-

son, or person under other legal disability, or any other person who has not filed his claim with the record, has a real and well founded title or claim of right, title or interest; or to or in which it appears from the record or otherwise that any infant, insane person, or person under other legal disability has any title, or claim of right, title, estate or interest.

Said exhibit sheets are prayed to be taken and read as a part of this report, all of said exhibit sheets being paged consecutively from one to ~~372-1~~, page one thereof setting forth a summary table of the contents, and bearing the signature of the Secretary of your Board of Appraisal Commissioners, in the lower left hand corner for the purpose of proper identification.

(b) That the amount of incidental damages which will result from the proposed condemnation or use of the lands described in the petition for a public park or park purposes to which any person whose claim is filed with the record in the Clerk's Office is entitled under such claim or to which your Undersigned have found any infants, insane person, or person under legal disability not represented by a guardian ad litem at the date of the filing of this report to be entitled, is the amount of such incidental damages found by the Undersigned and shown in the above described exhibit sheets filed herewith, read together with the aforesaid map.

(c) We further find the fact or facts of value as to all claims of right, title, or estate, or interest in or to the land described in the petition filed in the course of these proceedings by owners or claimants in their own behalf, or filed in behalf of infants, insane persons, or persons under legal disability to be <sup>as</sup> shown by the accompanying map read together with the attached exhibits setting forth our findings as to the value of the fee simple estate in each of the parcels of land shown on

said map, the value of such claims being equal in amount to the value placed on the fee simple estate in the respective parcel or parcels to which as shown by said map and exhibits we find that these claims were respectively directed, it being understood, however, that wherever it appears from said map and exhibits that conflicting or overlapping claims, or separate claims to a less estate than the fee simple estate refer to the same tract of land our findings as to such conflicting or separate claims is limited, unless otherwise expressly shown in said exhibit and work sheets filed herewith, to a finding that the total value of all such claims in each separate parcel equals the value of the fee simple estate in such parcel or tract, as shown in the above mentioned exhibit sheets.

(d) We further find the amount of the respective real claims in the proceeds of the lands described in the petition, to which the respective owners and claimants are entitled, to be the value of the fee simple estate in each parcel or tract of land as disclosed by the said map and the accompanying exhibit sheets to which they have laid claim or to which where no claim has been made, they may hereafter show that they are entitled, it being understood, however, that wherever it appears from said map and exhibits or otherwise that conflicting or overlapping claims, or separate claims to a less estate than the fee simple title refer to the same parcel or parcels or tract or tracts of land, our finding as to such conflicting or separate claims is limited to a finding that the total of all the real claims in the proceeds of the lands described in the petition to which such conflicting or separate claimants are entitled equals the value of the fee simple estate in the respective parcel or parcels or tract or tracts, shown by said map, and accompanying exhibit sheets, with respect to which as shown by said map read together with the attached exhibit sheets, we find that such conflicting or overlap-

ping claims or separate claims to a less estate than the fee simple estate have heretofore been asserted.

Your Undersigned further report that in the course of the proceedings and in the performance of their duties both as Special Investigators and members of a Board of Appraisal Commissioners they made diligent inquiry as to the existence of any land within the area described in the petition, or parcels or tracts of land, or right, or title, or interest, or estate therein, within the boundary line set forth in the petition, and as to the existence of any claim or claims in or to the proceeds of any of the lands sought to be condemned, which are owned or as to which any real claims could be asserted in behalf of any infant, insane person, or person under other legal disability, or to which any person who has failed to appear and answer or file the necessary pleadings to entitle him to be heard at the above mentioned hearings upon the value of the land or estate, or interest sought to be condemned is entitled; and of any property or properties owned by such persons which will be damaged by the taking of the land sought to be condemned and the use of the same for a public park or for public park purposes; and that in the attached exhibit sheets read together with the said map there is set forth such information as your Undersigned have been able to secure as to the location and value of the parcels or tracts of land within the area sought to be condemned, in which such persons own or are entitled to any right, title, estate, or interest or by reference to which any claim of right, title, or estate, or interest has been set up, or as to which any real claim might be set up in behalf of such persons in the proceeds of the lands sought to be condemned; and that in all cases wherein your Undersigned have been informed or found that any infant, insane person, or person under other legal disability has or appears to have any such claim of right,

title, estate or interest in or to the land sought to be condemned or in or to any parcel or tract contained thereon, or to incidental damages, a guardian ad litem has heretofore been appointed by this Court and such guardian ad litem, after accepting notice, has been given an opportunity to be heard and has been heard as to such claim, and as to the value of the parcel or parcels or tract or tracts of land with relation to which such claim has been or may be asserted.

Your Undersigned further report that they spent a great deal of time in the hearing of the evidence, and the arguments of counsel, and in viewing the various tracts included in the area described in the petition; and likewise spent much time in considering and exchanging view with each other as to the value of said lands and of said damages; the time so consumed aggregating at least 180 days.

In (*two*) separate envelopes or wrappers your Undersigned submit herewith the written or printed evidence submitted by the petitioner and the respective claimants in the course of the hearings and taken into the possession of the Undersigned, together with transcripts of the stenographic notes of so much of the oral testimony as was reduced to writing for the record, and separate maps of each of the tracts or parcels of diverse ownership as shown on the above mentioned map of the entire area sought to be condemned, which <sup>38</sup> separate maps were submitted by the petitioner as a part of its evidence as to the nature, character, and elements of value to be taken into consideration in ascertaining the value of said tracts or parcels of diverse ownership within the area described in the petition, each of such envelopes and packages being suitably identified by the signature of the Secretary of the Board.

Your Undersigned further submit herewith in (*One*) separate envelopes or wrappers suitably identified by the signature

of the Secretary of your Board of Appraisal Commissioners, their "Work Sheets" setting forth in detail their findings as to the nature, character, location and extent of each of the said tracts or parcels of land of diverse ownership shown on the above mentioned map, and of the improvements thereon, and of claims of right, title, estate, or interest therein filed with the record in the Clerk's Office, or found by the Undersigned where no such claims have been filed with the record in the Clerk's Office:- the data set forth in said Work Sheets including the principal elements of value upon which your Undersigned have based their findings as to the fact or facts of value set out in this report read together with the said map and "exhibit sheets" filed herewith.

EXCEPTIONS TO THE FOREGOING

No. 1 After your Undersigned had given the petitioner and all persons claiming any right, title, estate or interest in the lands described in the petition, or incidental damages arising from the condemnation thereof, an opportunity to be heard, and after hearing all such claimants as presented themselves as to the value of said lands and the amount of said incidental damages, in the manner and form above set out, your Undersigned at the request of the petitioner, suspended the proceedings without making the intensive personal inspection and view of the tracts or parcels of land shown on the aforesaid map and exhibits filed herewith and bearing the numbers set out at the foot of this exception, which your undersigned believe to be necessary for the correct ascertainment and determination of the fact or facts of value of the fee simple estate in each of said tracts or parcels of land, and of incidental damages arising out of the condemnation thereof.

Counsel for the petitioner having advised the Undersigned that it is considering the advisability of moving the court to exclude from the lands described in the petition, as the lands sought to be condemned in these proceedings, certain tracts or parcels of land, including the said tracts or parcels whose numbers are set out at the foot of this exception, your Undersigned have deemed it proper to accede to the said request of the petitioner to suspend the proceedings looking to the ascertainment and determination of the fee simple value of these tracts or parcels, pending the further order of the Court, in order to expedite the proceedings and relieve the interested parties from unnecessary costs and expenses.

The number of the tracts or parcels referred to in this Exception as shown on said map and exhibit sheets, are as follows:  
10-e, 10-f, 41-b, 111-a, 120-a, 121-a, 123-a, 124-a, 131, 132, 133, 134, 135, 135-a, 136, 137, 138, 141, 148, 155, 156, 157, 159, 161, 162, 169, 170, 184, 192, 195, 216, 216-a, 217, 218, 245, 247, 267, 288, 329, 330, 333, 334, 360, 366, 110.

No. 2 The Harrisonburg Mutual Telephone Company/operates a telephone line within the area sought to be condemned, and although no claim therefor was filed with the record in the Clerk's Office, the said Company appears to have a claim to an easement including the right to conserve, maintain, and conduct said telephone line and telephone poles on and over the land sought to be condemned. Subject to the further order of the Court, and at the request of the petitioner, your Undersigned have not undertaken to ascertain or determine the value of said claim or of the property rights included therein, because the petitioner has advised your Undersigned that it is not its present purpose to seek the condemnation of any of the property rights included therein to which the said Company may be entitled, and that under authority of the provisions of Section 22 of the Public Park Act it is the present purpose of the Petitioner to seek only the condemnation of the fee simple estate of the lands described in the petition, subject to the easement and all rights to which the said Company or its successors in interest now are entitled, to conserve, maintain, and conduct its said telephone line and telephone poles on and over the lands sought to be condemned.

The telephone line within the area described in the petition, by reason of which the said Company appears to have a claim, is not shown on the aforementioned map filed with this report, nor is this claim shown on Table One of the above mentioned Exhibit Sheets, but it runs for a distance of approximately four miles, and begins at a point where the Elk Run Road enters the land of Edgar Hensley; thence along the Elk Run Road to E. A. Deane's store, and crosses over or on tracts No. 216, 217, 62, 53-a, 63, 60, 10-a, 42, 44, 45, 35, 36, 28, 37, 38, 19, 370, 25, 26, 24, 23, 13.

No. 3 The Harrisonburg Mutual Telephone Company/operates a telephone line within the area sought to be condemned, and although

no claim therefor was filed with the record in the Clerk's Office, the said Company appears to have a claim to an easement including the right to conserve, maintain, and conduct said telephone line and telephone poles on and over the land sought to be condemned. Subject to the further order of the Court, and at the request of the Petitioner, your Undersigned have not undertaken to ascertain or determine the value of the said claim or of the property rights included therein, because the Petitioner has advised your Undersigned that it is not its present purpose to seek the condemnation of any of the property rights included therein to which the said Company may be entitled, and that under authority of the provisions of Section 22 of the Public Park Act it is the present purpose of the Petitioner to seek only the condemnation of the fee simple estate of the lands described in the petition, subject to the easement and all rights to which the said Company or its successors in interest now are entitled, to conserve, maintain, and conduct its said telephone line and telephone poles on and over the lands sought to be condemned.

The telephone line within the area described in the petition, by reason of which the said Company appears to have a claim, is not shown on the aforementioned map filed with this report, nor is this claim shown on Table One of the above mentioned Exhibit Sheets, but it runs for a distance of approximately two miles, and begins at the junction of the Spotswood Trail and the Beldor<sup>Road</sup>; thence along the Beldor road to the junction with the Sandy Bottom road; thence with the Sandy Bottom road to the tract of land claimed by June J. Comer, and crosses over or on tracts No. 84, 92, 114, 115, 79-a, 122, 124, 133, 134, 132, 123, 10-e, 121-a, 123-a, 120-a.

No.4            The Harrisonburg Mutual Telephone Company<sup>also</sup> operates a telephone line within the area sought to be condemned, and although no claim therefor was filed with the record in the Clerk's Office, the said Company appears to have a claim to an easement including the right to conserve, maintain and conduct said telephone line and telephone poles on and over the land sought to be condemned. Subject to the further order of the Court, and at the request of the Petitioner, your Undersigned have not undertaken to ascertain or determine the value of the said claim or of the property rights included therein, because the Petitioner has advised your Undersigned that it is not its present purpose to seek the condemnation of any of the property rights included therein to which the said Company may be entitled, and that under authority of the provisions of Section 22 of the Public Park Act it is the present purpose of the Petitioner to seek only the condemnation of the fee simple estate of the lands described in the petition, subject to the easement and all rights to which the said Company or its successors in interest now are entitled, to conserve, maintain, and conduct its said telephone line and telephone poles on and over the lands sought to be condemned.

The telephone line within the area described in the petition, by reason of which the said Company appears to have a claim, is not shown on the aforementioned map filed with this report, nor is this claim shown on Table One of the above mentioned Exhibit Sheets, but it runs for a distance of approximately four and a half miles, and begins at the junction of the Park boundary and the Spotswood Trail; thence along the Spotswood Trail to Meadow's Store; thence leaving the highway and running in an easterly direction to Swift Run Gap, and crosses over or on tracts No, 106-a, 107, 108, 106, 105, 97, 95, 94, 93, 92, 84, 83, 81, 82 368,79,187,77,185,75,168,118.

No. 5 E. T. Wyant operates a telephone line within the area sought to be condemned, extending from the intersection of the Gap Run Road with the Park boundary to the foot of the Blue Ridge Mountain. He claims the right to maintain and conduct a telephone line and telephone poles on and over the lands sought to be condemned.

The part of the telephone line claimed by E. T. Wyant within the area described in the petition, runs for a distance of approximately three and one-half miles on or over the lands described in the petition, and begins at a point where the Gap Run Road enters the Park area on the property of T. L. Yancey; thence in a southerly direction along the Gap Run Road to the foot of the Blue Ridge Mountain at the Alexander Shifflett tract, and crosses over or on tracts No. 213, 163, 161, 162, 164, 166, 358, 165-a, 235, 236, 10-g, 175, 359, 177, as shown on said map. Your Undersigned have fixed the value of this telephone line at Seventy-five dollars. The line by reason of which the said E.T.Wyant has filed a claim, is not shown in Table 1 of the above mentioned exhibit sheets.

No.6 The Virginia Public Service Corporation, which appears to be a corporation organized and operating under the laws of the State of Virginia, operates an electric, transmission and distributing system within the area sought to be condemned. And although no claim therefor was filed with the record in the Clerk's Office, the said Corporation appears to have a claim to an easement including the right to conserve, maintain and conduct said transmission lines and poles on and over the lands sought to be condemned. Subject to the further order of the court, and at the request of the Petitioner, your Undersigned have not undertaken to ascertain or determine the value of said claim or of the property rights included therein, or the amount of incidental damages arising out

of the proposed condemnation, because the Petitioner has advised your Undersigned that it is not its present purpose to seek the condemnation of any of the property rights included therein to which the said Virginia/<sup>Public</sup>Service Corporation may be entitled, and that under the authority of the provisions of Section 22 of the Public Park Act, it is the present purpose of the Petitioner to seek only the condemnation of the fee simple estate in the lands described in the petition, subject to the easement and all rights to which the said Corporation, or its successors in interest now are entitled, or at the time of the condemnation may be entitled to conserve, maintain and conduct its said electric, transmission and distributing system including lines and poles on and over the lands sought to be condemned.

The part of the electric transmission system within the area sought to be condemned, by reason of which the said Corporation appears to have a claim, begins at the junction of the Park boundary and the Spotswood Trail, thence along the Spotswood Trail to Meadow's Store, and crosses over or on tracts 106-a, 108, 111, 112, 113, 95, 94, 93, 92, 84, 83, 117, 82, 81, 368, as shown on the said map filed with this report, a distance of approximately two and one-half miles. The lines by reason of which the said Corporation appears to have a claim are not shown on the aforementioned map filed with this report, nor is this claim shown on Table 1 of the above mentioned exhibit sheets.

*here*  
No.7 Since the date of the filing of the petition in these proceedings, the United States of America appears to have acquired title to the fee simple estate in a strip of land one hundred feet wide, running through a portion of the area described in the petition, upon which a road is now in course of construction by the Bureau of Public Roads of the U. S. Department of Agriculture,

History

which said strip of land is not shown on said map, but runs through the tracts shown on the above mentioned map filed with this report, numbered as follows: No. 76, No. 69, No. 68, No. 52, No. 51, No. 50, No. 48, No. 49, No. 30, No. 372, No. 372-1.

Your Undersigned find the acreage and the value of the fee simple estate in the respective portions of said strip of land included in each of the above set out tracts of land (disregarding the improvements and road construction thereon) to be the acreage and amounts set out after the number on the said map designating the respective tracts as follows: Portion of said strip of land:- In Tract No. 76, Value \$283.00, Acreage 8.26:- In Tract No. 69, Value \$11.00, Acreage 2.19:- In Tract No. 68, Value \$193.00, Acreage 8.82:- In Tract No. 52, Value \$9.00, Acreage 3.00:- In Tract No. 51, Value \$22.50, Acreage 4.59:- In Tract No. 50, Value \$55.00, Acreage 2.73:- In Tract No. 48, Value \$120.00, Acreage 2.96: In Tract No. 49, Value \$126.40, Acreage 4.36:- In Tract No. 30, Value \$76.00, Acreage 27.32:- In Tract No. 372, Value \$3.00, Acreage 1.00: In Tract No. 372-1, Value \$43.00, Acreage 7.00.

In ascertaining and determining the value of each of the above mentioned tracts, through which said strip of land runs, which value is set forth in Table II of the above mentioned Exhibit Sheets, Your Undersigned fixed this value upon each of said tracts in its entirety, without taking into consideration the said road construction and improvements, and without deducting therefrom the value of the strip which appears to have been acquired by the United States of America during the course of these proceedings as above set forth. Your Undersigned, therefore, here find and report the value of the residue of each of the above enumerated and numbered tracts of land after excluding therefrom the portion of the said strip of land included therein, and to which the United States of America appears to have a claim of ownership, to be the value of

the tract in its entirety as shown in Table II of the Exhibit Sheets filed herewith, less the value of the fee simple estate in the portion of the said strip of land included therein as above set out.

Subject to the further order of the Court, and at the request of the petitioner, your Undersigned have not sought to ascertain or determine the value of the entire fee simple estate in the above mentioned strip of land which appears to have been acquired by the United States, and on which large expenditures have been made and are being made in the construction of a road.

Nevertheless, the petitioner having advised your Undersigned that it is its <sup>present</sup> present purpose and intention, under authority of Section 22 of the Public Park Law, to acquire the fee simple estate in the said strip of land, but subject to any easement of passage and right of way which has been or may hereafter be claimed or set up in behalf of the United States of America, your Undersigned find and report the value of the fee simple estate in the said strip of land, subject to such easement of passage and right of way, to be one dollar U. S. Currency.

✓ Your Undersigned further report in this connection that under the terms of the various recorded deeds, ~~and~~ by virtue of which the above mentioned strip of land was conveyed to the Grantor from whom the United States of America appears to have acquired title thereto, it appears that depending on the amount of the award, the petitioner will have a claim to an interest in the proceeds of condemnation of each of the above enumerated tracts or that the owners of the fee simple estate in such tracts will have a claim against the Petitioner, as and when such award is made: But your Undersigned do not undertake to ascertain or determine the amount of the value of such claims which appears to be dependent in each

case upon the amount finally awarded by this court in the event that the said tracts or any of them are condemned in these proceedings.

No. 8 Your Undersigned find that the lands described in the following answers and claims of ownership filed with the record in the Clerk's Office, are located outside the area described in the petition, the claimants having filed their answers or claims under the mistaken belief that the lands claimed by them lie within the boundary lines set forth in the petition:

Claim of John Gooden to two acres of land located about seven miles from Elkton in Stonewall Magisterial District, Rockingham County, Virginia, adjoining Ashby Gooden on the North, Royer tract on the South, Burner tract on the East, and Maggie Roach on the West.

Claim of Mrs. Charles Roach to four acres of land located about six miles from Elkton, in Stonewall Magisterial District, Rockingham County, Virginia, adjoining Bernard Boyer on the North, John Burner on the South, John Gooden on the East, and John Burner on the West.

Claim of the School Board of Rockingham County to eighty-two poles of land located about three miles south of Port Republic, in Stonewall Magisterial District, Rockingham County, Virginia, adjoining Ashby Mace on the North, Arthur Raines on the South, and Ashby Mace on the East.

Subject to the further order of the Court, and at the request of the Petitioner, your Undersigned after giving these claimants an opportunity to be heard as to the location and value of the lands described in their respective claims, have

not undertaken to make definite findings as to the value thereof, and these claims, not being to lands within the area described in the petition, are not shown on Tables one or two of the said exhibit sheets filed herewith.

Respectfully submitted this 9<sup>th</sup> day of August  
1932.
