VIRGINIA: IN THE CIRCUIT COURT OF RAPPAHANNOCK COUNTY

The State Commission on Conservation and Development of
the State of Virginia - - - - - Petitioner.

V. AT LAW NO. 149 .

Clifton Aylor and others and Thirty-Seven Thousand Four
Hundred (37,400) Acres of land, More or Less, - Defendants.

On the 31 day of August, 1934, came the petitioner in the above styled proceeding, by counsel, and exhibited to the Court the record therein, including the report of the Board of Appraisal Commissioners; the order setting this proceeding for hearing on the 23rd day of February, 1934, upon notice of petitioner of its intention to move and pray the Court to enter a judgment in rem condemning the numbered tracts of land mentioned in said notice and order to the use of the petitioner, and for such other and further relief as it might be advised; the certificate and affidavit of service of said notice and order, in the form and manner prescribed in the order, on all exceptants to the findings of said Board of Appraisal Commissioners relating to the numbered tracts of land mentioned in said notice and order; the judgment in rem entered herein on the 14th day of March, 1934, after the hearing of this proceeding had pursuant to the above mentioned notice and order; and the order entered on the same day and date, but immediately prior to the entry of said judgment in rem, under the terms of which order the Clerk of this Court was directed to file with the record the report of arbitrators mentioned in said order and to amend the findings in the report of the said Board of Appraisal Commissioners to conform with the findings of the said arbitrators, and under the terms of which order, as entered, the exceptions to the findings of the said Board of Appraisal Commissioners, filed by the exceptants shown in the "table" set out in said order, were dismissed.

Thereupon the petitioner showed to the Court that when this proceeding was called at the hearing had on the motion of petitioner for said judgment in rem, pursuant to said notice of motion and order, none of the exceptants to the findings in the report of the Board of Appraisal Commissioners appeared either in person or by counsel; that at the said hearing counsel for petitioner appeared and there and then showed to the Court that all exceptions to the findings in said report with reference to the numbered tracts mentioned in said order and notice of motion for judgment condemning the same had theretofore been dismissed, except only the exceptions to the findings relating specifically to the numbered tracts the value of which had been submitted to arbitration; that under the terms of the arbitration agreements set out in the report of the arbitrators, all questions as to value and damages raised by said exceptions had been withdrawn from the consideration of the Court and submitted to arbitration by the parties to the said arbitration agreements, and had been duly ascertained and determined by the arbitrators, and reported to the Court; and that on the record as it would stand after amendment of the findings in the report of the Board of Appraisal Commissioners to conform with the findings of the arbitrators, all the exceptions to the findings in the report of the Board of Appraisal Commissioners with reference to the numbered tracts the value of which had been reported by the arbitrators, whether or not the same had in fact been submitted to arbitration by each and all of the exceptants, should be dismissed on the said exceptions, the answers thereto, and the supporting affidavits, under the provisions of Section 35 of the Public Park Condemnation Act.

Counsel for the petitioner further showed to the Court that there and then, at the said hearing, petitioner moved and prayed the Court to enter an order, amending the findings in the

said report of the Board of Appraisal Commissioners so as to conform with the findings in the said report of arbitrators and dismissing all the exceptions to the findings of the said Board of Appraisal Commissioners with reference to all the numbered tracts the value of which had been the subject of said arbitration, and thereupon to enter judgment condemning to the use of the petitioner the numbered tracts which were set out in the notice of motion for judgment and the order setting the proceeding for hearing on said motion.

Counsel further showed to the Court that thereupon, and at the said hearing, the Court sustained and granted the said motion for the entry of the order as moved and prayed by the petitioner, and immediately thereafter sustained and granted the motion and prayer of the petitioner for the entry of the above mentioned judgment in rem.

Counsel further showed to the Court that notwithstanding the fact that at the said hearing and immediately before ordering the entry of the said judgment in rem, the Court had sustained and granted the motion and prayer of the petitioner for the dismissal of all the exceptions to the findings in the report of the Board of Appraisal Commissioners with reference to the numbered tracts whose value had been reported by the arbitrators; and notwithstanding the fact that the record discloses the names of each and all of the exceptants who had filed the said exceptions; the table set out in the order actually entered in the order book giving a list of said numbered tracts followed by the names of exceptants to the findings as to each of the numbered tracts listed in said table, does not correctly set forth the names of all of said exceptants, so that the order actually entered does not fully conform to the judgment and order of the Court sustaining the prayer and motion of the petitioner for the dismissal of all the exceptions to the findings as to the said numbered tracts prior to the entry of the judgment in rem condemning the numbered tracts in that table to the use of the petitioner.

Counsel further showed to the court that the record of these proceedings discloses that the names of the exceptants who filed exceptions to the findings of said Board of Appraisal Commissioners with reference to the numbered tracts shown in said table set out in the said order are as shown in the following table:-

Counsel for petitioner further showed to the Court that the inaccuracies or omissions in the listing of some of the names of the exceptants following the numbered tracts listed in the table set out in the said order, as actually entered, arose from a scrivener's mistake in inserting in the table included in the draft of the said order, which was initialled for entry, a preliminary and incomplete list of the names of said exceptants, in place of the completed and corrected list shown in the above set out table, which latter table correctly sets forth the names of the exceptants to the findings as to the numbered tracts shown in both tables, as disclosed by the record; and which completed and corrected table counsel for the petitioner believed was the table included in said draft of said order when it was initialled for entry, and so represented the fact to be to the Court; and which complete list of the names of each and all of said exceptants, as disclosed by the record, was the list of said names which the Court had good and sufficient reason to believe and did in fact believe was included in the table set out in said initialled draft of said order.

Upon consideration whereof the Court finds that the table set out as aforesaid in the said order entered in this proceeding on the 14th day of March, 1934, does not fully and accurately set forth the names of each and all the exceptants whose exceptions were ordered dismissed prior to the entry of the judgment in rem on said day and date, and at the above mentioned hearing, on the prayer and motion of the petitioner to dismiss all the exceptions to the findings of the Board of Appraisal Commissioners with reference to the numbered tracts the value of which was ascertained and determined by arbitrators, as disclosed in the above mentioned report of arbitrators filed with the record; that at the said hearing and prior to the entry of the above mentioned judgment in rem the Court sustained and granted the motion and prayer of the petitioner to dismiss all the exceptions to the findings in the report of the Board of Appraisal Commissioners

as to the numbered tracts whose value had been ascertained by said arbitrators; that when the Court initialled for entry a draft of said order, the Court understood that the table of numbered tracts set out therein showed the names of all the exceptants to the findings of the Board of Appraisal Commissioners with reference to the said list of numbered tracts set out in said table, as disclosed by the record; but that by inadvertence occasioned by a clerical error of the scrivener, the list of names set out in the table inserted in the said draft of said order did not correctly and accurately set out the names of each and all of said exceptants; and the Court further expressly finds that the record discloses the names of each and all of the said exceptants; that the names of the said exceptants are as shown in the above set out table; that at the above mentioned hearing the exceptions filed by each and all of the said exceptants were overruled and dismissed on the motion of the petitioner; and that the omission or inaccurate designation of the names of some of said exceptants in the table included in the said order as entered was an inadvertence occasioned by a clerical error of the scrivener.

WHEREFORE, upon motion of the petitioner, it is considered, adjudged and ordered that the above described order entered in this proceeding on the 14th day of March, 1934, should be, and it is hereby amended, nunc pro tunc, so as to make the list of exceptants set out in the above described table in said order include all the exceptants to the findings of the Board of Appraisal Commissioners with reference to the numbered tracts listed in said table, as disclosed by the record, and as shown in the above set out table of numbered tracts wherein the names of the said exceptants appear to be correctly set out after the number of the individual tracts with reference to which their respective exceptions were filed.

as to the numbered tracts whose value had been ascertained by said
arbitrators; that when the Court initiated for entry a draft of
said order, the Court understood that the table of numbered tracts
set out therein showed the names of all the exceptants to the findings
of the Board of Appraisal Commissioners with reference to the said
list of numbered tracts set out in said table, as disclosed by the
record; but that by inadvertence occasioned by a clerical error of
the scrivener, the list of names set out in the table inserted in
the said draft of said order did not correctly and accurately set
out the names of each and all of said exceptants; and the Court
thereby finds that the record discloses the names of each
of the said exceptants; that the names of the said exceptants
mentioned in the above set out table; that at the above mentioned
hearing the exceptions filed by each and all of the said exceptants
were overruled and dismissed on the motion of the petitioner; and
that the omission or inaccurate designation of the names of some of
said exceptants in the table included in the said order as entered
was an inadvertence occasioned by a clerical error of the scrivener.
WHEREFORE, upon motion of the petitioner, it is considered,
advised and ordered that the above described order entered in this
proceeding on the 14th day of March, 1934, should be, and it is hereby
amended, unto the time, so as to make the list of exceptants set out
in the above described table in said order include all the exceptants
to the findings of the Board of Appraisal Commissioners with reference
to the numbered tracts listed in said table, as disclosed by the record,
and as shown in the above set out table of numbered tracts wherein the
names of the said exceptants appear to be correctly set out after the
number of the individual tracts with reference to which their respective
exceptions were filed.

The joint and separate answer of Russell Bailey, Melvin Bailey, and Elmer Bailey, infants, by their guardian ad litem and the answer of the said guardian ad litem for the said infant defendants, to a petition at law exhibited against them and others in the Circuit Court of Rappahannock County, Virginia, by the State Commission on Conservation and Development of the State of Virginia.

For answer to the said petition or to so much thereof as they are advised that it is material that they should answer, answers and say; that they know nothing of the matters set forth in the said petition and by reason of their infancy are incapable of understanding or taking care of their rights and interests; they therefore, by their said guardian ad litem, commend themselves, and their rights and interests, to the protection of the Court and pray that no order may be entered which will tend to their prejudice.

The said guardian ad litem, reserving to himself the benefit of all just exceptions to said petition, answering for said infant defendants, answers and says;

That he is the guardian ad litem appointed to defend the above named infant defendants, who are the owners, or the owners of an interest, in a tract of land involved in these proceedings, and alleged to contain about 200 acres, and being designated as tract # 137 in the record of these proceedings; but that he knows nothing as to the truth or falsity of the statements contained in the said petition, and he prays for the full protection of the Court for said infant defendants.

Memo for

The Clerks of the Circuit Courts of the Counties of Warren, Rappahannock, Page, Rockingham, Augusta, Albemarle, Greene and Madison.

We have been making a complete check of all orders entered in the Park Condemnation Proceedings directing the amendment of Table Two of the reports of the Boards of Appraisal Commissioners as to the amount set out therein as the value of certain tracts.

Mr. Marshall and the writer will bring our copy of your respective reports to you in the next two or three days for comparison with your report. May we suggest that if you reach Table Two of the report of the Appraisal Commissioners in your deed book before we see you, you wait our arrival before actually entering it in your deed book so that we can together make a final check of these orders before the actual copying of this table into the deed book.

(Some of the clerks have asked whether all of the reports and the five tables attached thereto are to be copied in the Deed Book. It is our understanding that the order directs the recording of the entire report and the five attached tables in full.)

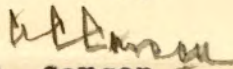

✓ To avoid some uncertainty which seems to have arisen as to what "plats" are to be withdrawn from the record of the proceedings and inserted in your deed book, we have prepared lists taken from the tables mentioned in the recordation order.

Enclosed find the numbers of the plats which we understand to be those designated in the recordation order, and we should be glad if you will advise us whether you find these lists correct.

The list in each county is set out in the enclosed copy of a certificate, the original of which we will bring with us this week and ask you to certify.

If there is any way in which we can be of service in this connection, please command us.

Yours truly,

A. C. Carson
