The only real and well founded claims to incidental damages arising out of the proposed condemnation of the various tracts or parcels of land shown on the map filed with the report, with reference to which no claim of incidental damages has been filed with the record in the Clerk's Office, are as follows:

The owner of the fee simple estate in tract #26, who appears to be W. T. Riley as shown in Table I, is entitled to incidental damages amounting to \$50.00, if, as it appears, said owner is also the owner of twenty eight acres, more or less, contiguous to tract #26, and outside the area described in the petition, which, but for the condemnation of tract #26, would constitute together therewith, a larger tract or parcel of land under the same ownership.
