To Whom This May Concern:

I have this date examined Mr. James Henry Smallwood, he has a shaking Palsy "possibly Parkinson's Disease" a disease from which he has been suffering for a period longer than a year. I have examined and prescribed for him during past year.

His condition is somewhat aggravated and worse at present than at anytime I had seen him, possibly due to present environment.

Very Truly yours, J. C. Harshbarger

It appearing from certificate of J. C. Harshbarger,
physician and from statement of Sheriff that James
Henry Smallwood who is now held in the county
jail for the nonpayment of the fine and costs
of prosecution under conviction and sentence
imposed July 11, 1932, is in such physical
condition that further imprisonment would be
detrimental to his health, it is ordered that
said James Henry Smallwood be now released
from imprisonment without the payment
of said fine and costs. 7
