# WAR DEPARTMENT, OFFICE OF THE PROVOST MARSHAL GENERAL, Washington, May 24, 1917.

#### BULLETIN.

### A.

The President holds that the Selective Service Act of May 18, 1917, and the Proclamation and Registration Regulations of the same date do not require the registration of members of any duly organized and recognized force, military or naval, subject under other laws of the United States to be called, ordered, or drafted into the military or naval service of the United States; and in order that this construction may be made plain he directs:

First. That the third paragraph, lines 48 to 57, of his Proclama-

tion of May 18, 1917, be construed as if it read as follows:

"And I do further proclaim and give notice to all persons subject to registration in the several States and in the District of Columbia, in accordance with the above law, that the time and place of such registration shall be between 7 a.m. and 9 p.m. on the 5th day of June, 1917, at the registration place in the precinct wherein they have their permanent homes. Those who shall have attained their twenty-first birthday and who shall not have attained their thirtyfirst birthday on or before the day here named are required to register, excepting only officers and enlisted men of the Regular Army, the Regular Army Reserve, the Officers' Reserve Corps, the Enlisted Reserve Corps, the National Guard and National Guard Reserve recognized by the Militia Bureau of the War Department, the Navy, the Marine Corps, the Coast Guard; and the Naval Militia, Naval Reserve Force, Marine Corps Reserve, and National Naval Volunteers recognized by the Navy Department. In the Territories of Alaska, Hawaii, and Porto Rico a day for registration will be named in a later proclamation."

Second. That sections 4 and 61 of the Registration Regulations of

May 18, 1917, be construed as if they read as follows:

"4. Persons required to register.—Male persons who shall have attained their twenty-first birthday and shall not have attained their thirty-first birthday on or before the day set for registration by the President must register. The only exceptions are persons in the military or naval service of the United States, which includes all officers and enlisted men of the Regular Army, the Regular Army Reserve, the Officers' Reserve Corps, the Enlisted Reserve Corps, the National Guard, and National Guard Reserve recognized by the Militia Bureau of the War Department, the Navy, the Marine Corps, the Coast Guard; and the Naval Militia, Naval Reserve Force, Marine Corps Reserve, and National Naval Volunteers, recognized by the Navy Department. All male civil officers of the United States, of the several States, Territories, and the District of Columbia within the designated ages must register. All male persons within the designated ages engaged in making the present registration must register.

"61. Caution. All males who shall have attained their twentyfirst birthday and who shall not have attained their thirty-first Dirthday on or before the day set for registration must register. The only exceptions are persons in the military or naval service of the United States, which includes all officers and enlisted men of the Regular Army, the Regular Army Reserve, the Officers' Reserve Corps, the Enlisted Reserve Corps, the National Guard, and National Guard Reserve recognized by the Militia Bureau of the War Department, the Navy, the Marine Corps, the Coast Guard; and the Naval Militia, Naval Reserve Corps, Marine Corps Reserve, and National Naval Volunteers, recognized by the Navy Department. If you are a male between the designated ages and are not in the military or naval service of the United States, you are subjete to registration on the day fixed by the President, and if you fail to present yourself, or, presenting yourself, you give false, misleading, or incorrect answers, you are a misdemeanant and subject to punishment by imprisonment in jail, to which punishment there is no alternative of fine. Persons who, for any reason, have failed to register on the day set by the President must register themselves without delay with the registration board of the subdivision in which they have their permanent homes."

В.

There have been many inquiries whether persons now in their home counties but who expect to be absent from their home counties on registration day may have their cards filled out by the county clerk of their home county or their home city if it contains over thirty thousand population, as provided in paragraph 64. Paragraph 64 was intended to authorize this procedure.

The following errata in the Registration Regulations should be noted and corrected:

Page 14, section 35, sixth line of second paragraph, change the numeral "6" to the numeral "5."

Page 22, paragraph headed "Entering Group C on the Summary," line 13 of that paragraph. Change the numeral "15" to the numeral "16." Line 16 of that paragraph, change the numeral "16" to the numeral "15." Paragraph headed "Column 4," second and third lines should read "all the cards in which the answers to questions 7 and 12 indicate that an occupational exemption may be claimed."

Page 24, paragraph (d), second line. The word "sheriff" should read "county clerk."

D.

It should be explained that the answer to question 12 on the registration card is desired for statistical purposes only. The answer to this question does not constitute the filing of a claim for exemption. Ample opportunity will be given to file such claims at a later date. To be used for the Transfer of a voter registered since January 1st, 1904, under the general law. Voters registered since January 1st, 1904, must be transferred to list of voters registered since that date.

a.....by occupation."

I assume, of course, that the Party organization is looking after this matter but I am writing you this personal letter to urge your interest in a quiet way so as to effect the best results. THIS LETTER IS NOT FOR PUBLICATION.

I am entirely confident of the Democratic success next fall and a triumphant redemption of the State for the Democratic party provided the proper organization is effected and that the Democrats are qualified to vote in the November election.

Let me take this opportunity to assure you of my deep appreciation for your splendid work in behalf of the Democratic party. I place myself at your disposal for any service I can render to advance Virginia and the Democratic party.

With best personal wishes, I am

Sincerely yours,

#### PERSONAL

Dear Sir:

As a Virginia member of the National Democratic Committee and as one deeply interested in the success of the Democratic Party, I take the liberty to write to you, as one of the leaders of the Party to urge your interest in seeing that Democrats pay their poll taxes and be qualified to vote in the election this fall when Virginia will elect the Governor, Lieutenant-Governor, Attorney General and members of the General Assembly. I am making this request of you solely as one interested in the success of the Party next November.

QUALIFICATIONS: Every MAN and WOMAN who is, or will be, twenty-one years of age November 5, 1929, is entitled to vote in these elections provided they have by November 5th been a resident of the State for one year, and of the county six months, and have paid all State Capitation taxes DUE TO BE PAID by them for the three preceding years, 1926, 1927, 1928, and are registered with the registrar of the precinct in which they reside.

TAXES: Payment of taxes must be six months before the election, or by May 4, 1929. Only such taxes as are ACTU-ALLY ASSESSABLE should be paid--that is, the length of residence in the State, or age, will determine the amount due-the tax being assessable as of the first day of January of each year. Persons coming of age between January 1, 1928 and November 5, 1929, are due to pay for only one year: 1929 or 1930 as the case may be, which is in advance, and credit is given when tickets are made out. Full information will be given by members of the Democratic County Committee, or can be gotten from the County Treasurer.

REGISTRATION: Registration must be before the registrar of the proper precinct, and can be done up to 30 days before the election, or October 5, and the applicant must state in his own handwriting his name, age, date and place of birth, residence and occupation. This application may be in about the following form:

## INSTRUCTIONS

**TO =** 

# Judges and Clerks of Election.

The Judges and Clerks of Election will please carefully observe the following instructions:

First. All of the Judges and Clerks must be sworn and the certificates in the front of the poll books properly filled out and signed by each before the polls are opened.

Second. The Clerks will be careful to get EVERY VOTER entered on his books and each voter numbered correctly.

Third. The certificate at the end of Poll Books should be read carefully. The total number of votes cast must be put at the top of certificate, expressed in writing and figures, and that ALL of the Judges and Clerks sign the certificate at TOP and BOTTOM of the page.

FOURTH. The number of votes cast for each candidate must be expressed in WRITING and FIGURES.

FIFTH. Fill out each account for Judges and Clerks separately, and place them in the envelope prepared for that purpose.

THE POLL BOOKS and BALLOTS must be put in SEPARATE envelopes and EACH SEALED.

Errors in Poll Books cause delay, as the Judges and Clerks have to be summoned to the Court House to make the corrections and complete the books.

HARRY BURNETT,
Clerk of Board of Election Commissioners.

# VIRGINIA ABSENT VOTERS LAWS AS AMENDED BY ACTS OF 1946

Section 202. Absent voter may vote.—Any duly qualified voter who will, in the regular and orderly course of his business, profession, occupation, or other personal affairs, or on vacation, or his attendance as a student at any school or institution of learning, be absent from the city, town, or from the precinct in which he is entitled to vote, if in a county, and any such voter who may be physically unable to go in person to the polls on the day of election, may vote in any primary, special or general election, in accordance with the provisions of the following sections of this chapter, as amended. (1922, p. 875; 1924, p. 651; 1928, p. 1016; 1930, p. 5.)

Section 203. Application to registrar for ballot.—(a) He shall make application in writing for a ballot to the registrar of his precinct, not less than five nor more than sixty days prior to the primary, special or general election in which he desires to vote; if he be within the confines of the United States, or not less than five days nor more than ninety days, if he be in the Philippines, Hawaii, Puerto Rico, the Canal Zone, or in territory over which the United States has no jurisdiction. The application may be handed by the applicant himself to the registrar in person, or forwarded to him by mail, and shall contain necessary postage, or the correct amount in legal tender, necessary for registering the ballot from the electoral board to such applicant. But the failure to enclose necessary postage shall not render void a vote otherwise legally cast.

- (b) The application shall be accompanied by an affidavit to the effect that for some one of the reasons set out in the preceding section he expects to be absent from his city, town or precinct on the day of election, or that he will be physically unable to go in person to the polls on the day of election. The affidavit shall also state that the applicant is a resident of the precinct in which he offers to vote, and shall show whether he is exempt from the payment of the poll tax, and if so, the reason therefor.
- (c) Any such application, when signed and delivered, or returned to the registrar, shall be construed to be an offer by the voter signing it to vote in the election.
- (d) The provisions of this section as amended shall apply to any special election held after the effective date of this act regardless of whether or not application in a particular case for a ballot to be used in the special election was made before or after the

effective date of this act; and any such ballot which is duly returned to the electoral board shall be counted if the elector be qualified to vote in the election and has complied with all the provisions of this chapter.

Section 204. When voter out of jurisdiction of United States; how ballot to be sent; when in army or navy.—When the voter is not within the jurisdiction of the United States, the letter containing the ballot shall be directed to the applicant at the address furnished in his letter of application. (1922, p. 875; 1930, p. 71.)

Section 205. Duty of registrar and electoral board on receipt of application.—The registrar, upon receipt of the application for a ballot, if the applicant is duly registered in his precinct, shall enroll the name and address of the applicant on the list to be kept by him for the purpose, and shall forward the application with the required affidavit attached, to the secretary of the electoral board, noting thereon that the applicant is a registered voter of his precinct. If it then appear to the electoral board that the applicant is a registered voter of the precinct in which he offers to vote, the electoral board shall send to the applicant by registered mail the following:

- (a) An envelope containing the folded ballot, sealed and marked "ballot within. Do not open except in presence of a notary public" (or other officer mentioned in section two hundred and eight).
- (b) An envelope for resealing the market ballot, on which is printed the "voucher", the form of which is hereinafter given.
- (c) A properly addressed envelope for the return of the ballot to the electoral board by registered mail or by the applicant in person.
- (d) A printed slip giving instruction as to the manner of making out the voucher on the envelope for the return of the ballot hereinafter mentioned and how the same shall be returned.
  - (e) A "coupon", the form of which is hereinafter given.

Any ballot returned to the electoral board in any manner except by registered mail or by the applicant in person shall be void. The board shall mark on each envelope whether it was returned by mail or in person by the voter.

No registrar shall solicit any application for a ballot. Three days before the day of election the registrar shall make out in duplicate a list of the names and addresses of all persons who have applied to him for such ballots, and shall post one copy thereof in a conspicuous place at the polling place of his precinct, and shall transmit the other, either by mail or in person, to the clerk to whose office returns of the election are to be made.

The printed slip of instructions provided for in paragraph (d) of this section shall not contain any instructions with regard to the manner of marking the ballot or any information which will give aid to the prospective voter on the preparation of his ballot which is in contravention of the Constitution of Virginia, but it shall contain, in bold type, an instruction to the voter to the effect that if he should for any reason decide not to vote the ballot enclosed, he shall return the same unopened to the electoral board as provided in section two hundred eight.

Section 206. Form of voucher.—The "voucher" called for in section two hundred and five, and printed on the envelope in which the ballot is to be sealed up after the same has been marked, shall be in the following form:

#### Voucher.

This is to certify that the enclosed ballot was received by me as per my application to the registrar of precinct, county (or city), Virginia. The envelope marked "ballot within" was opened by me in the presence of a notary public (or other officer mentioned in section two hundred and eight, infra), of marked while in his presence, without assistance or knowledge on the part of anyone as to manner in which same was prepared, and then and there sealed as provided by law.

(1922, p. 875; 1924, p. 644.)

Section 207. Form of coupon.—The "coupon" called for in section two hundred five shall be in the following form:

#### COUPON

Name (given by voter) \_\_\_\_\_\_, color \_\_\_\_\_, height \_\_\_\_\_, age (given by voter) \_\_\_\_\_\_, color of hair \_\_\_\_\_, color of eyes \_\_\_\_\_, weight (estimated) \_\_\_\_\_, birthplace (given by voter) \_\_\_\_\_\_, occupation (given by voter) \_\_\_\_\_\_, State and precinct where voter claims to have last voted \_\_\_\_\_\_.

To the best of my knowledge, the above information is correct, and the applicant has complied with the requirements of the law as above provided. I have no knowledge whatever of the marking, erasure or intent of the ballot enclosed.

(Signed)

Notary Public.

(or other person mentioned in section two hundred and eight.)

Section 208. How ballots voted and returned; unused ballots.—Upon receipt of the registered letter, forwarded by the electoral board, the voter shall not open the sealed envelope, marked "ballot within", except in the presence of a notary public or other officer authorized by law to take acknowledgments to deeds, and shall then and there mark and refold the ballot without assistance and without making known the manner of marking same. He shall then and there place the ballot in the envelope provided for the purpose, seal the envelope, and fill in and sign the voucher printed on the back of the envelope in the presence of a notary public or other officer hereinabove provided, who shall witness the same in writing. This envelope, together with the coupon, which must be filled out and signed by the notary public, or other officer as herein provided, shall be enclosed within the envelope directed to the electoral board, which shall then and there be sealed, and shall be registered and mailed to the electoral board, or delivered personally by the voter to the electoral board.

Any notary or other officer above mentioned, who is a candidate for nomination or for any office, who shall so witness or certify the ballot of any such absent voter, to be cast at the same election at which such notary or other officer is to be voted for, shall be guilty of a misdemeanor. If for any reason a person, who has applied for and received a ballot, should decide not to vote the same, it shall be his duty to return such ballot unopened, in the sealed envelope in which it was received, to the electoral board from whom he received the same, at least three days before the day of the election in which such ballot was intended to be used.

The electoral board shall cause to be noted on the list required by section two hundred and eleven to be kept by it, opposite the name of the person returning such ballot, the fact that the same was returned unused, with the date of the return thereof, and shall carefully preserve all such ballots so returned and deliver them, together with the other ballots, to the judges of election on election day. If a voter, after having returned his unused ballot as provided herein, shall present himself at his precinct to personally cast his vote on election day, he shall be entitled to cast his ballot.

Section 209. Voting by elector described in section two hundred and four.—An elector receiving his ballot under the provisions of section two hundred and four shall conform to all the requirements of the preceding section except that in addition to the officers mentioned in section two hundred and eight of the Code an American diplomatic or consular officer or consular agent, or the commanding officer, or some commissioned officer, if the applicant be in the army or navy, shall answer in all respects for and perform all the duties required of the notary public or other officer mentioned in the preceding section; preserving, however, all the

secrecy of the ballot as therein provided; and the same shall be forthwith registered and mailed. (1922, p. 875; 1924, p. 644; 1930, p. 71.)

Section 210. Applications for ballots to be furnished by electoral board.—It shall be the duty of the electoral board of each county and city to furnish the registrar of each precinct with a sufficient number of applications for official ballots, the form of such applications to be prescribed by the State Board of Elections.

Section 212. Names of applicants for ballots and of persons returning ballots to be posted.—On the morning of the day of election on which the ballots are to be offered, the registrar and the electoral board, respectively, shall post true copies of the lists required by sections two hundred and five and two hundred and eleven in conspicuous places at the polling place of the proper precincts.

Section 213. Sealed containers to be delivered to judges of election.—On the day of election the electoral board shall deliver to the judges of election at the proper precincts the containers required by section two hundred and eleven, taking their receipt therefor. The containers shall be sealed prior to such delivery, and shall have therein the sealed ballots with their accompanying coupons, applications, affidavits and certificates, and the lists of prospective voters for such precincts required by section two hundred and eleven.

Section 214. Opening box containing ballots.—At the close of the regular balloting, the box shall be opened by the judges of election, and the ballots deposited in regular ballot boxes as follows: As each envelope is removed from the box, the name of the voter is to be called and checked as if the voter were voting in person. If found entitled to cast his vote, the envelope is then, but not until then, opened, and the ballot deposited in the regular box without examining or unfolding it, and the name of the voter entered by the clerks on the poll books. (Id.)

Section 215. Disposition of empty envelopes.—When all ballots have been accounted for and either voted or rejected, the empty envelopes that previously contained the ballots are to be placed in an envelope with letters of application and coupons, and they together with the rejected envelopes, if any, on which, or attached, shall be plainly written the cause of rejection, signed by a majority of the judges, shall be sealed up with the ballots cast at said election to be delivered as provided by law. (Id.)

Section 216. Fees of registrar and secretary of electoral board.—The registrar shall receive for each voter availing himself of the provisions of this chapter the same fee that he receives for registering a voter, and the compensation for posting notices shall also be governed by the general election laws. The secretary of the electoral board shall receive a fee of twenty-five cents for each application filed hereunder.

Section 216-a. Assistance to be provided electoral boards.— The governing body of each county and city shall provide the electoral boards with such assistance as may be necessary to carry out the provisions of this chapter.

Section 217. Penalties prescribed.—Any person attempting to aid or abet fraud in connection with any vote cast, or to be cast, under the provisions of this chapter, shall, upon conviction, be sentenced to the penitentiary for not less than one nor more than five years.

Any person attempting to vote by fraudulently signing the name of a regularly qualified voter shall be guilty of forgery.

Any public official who knowingly violates any of the provisions of this chapter, and thereby aids in any way the illegal casting, or attempting to cast a vote, or who shall connive to nullify any provisions of this chapter in order that fraud may be perpetrated, shall forever be disqualified from holding office in the Commonwealth, and shall forever be disqualified from exercising the right of franchise.
