SUMMARY:

At the request of Mr. James Sipe, Comm. Atty., of Rockingham Co., victim and accused were given Polygraph examinations on 12-19-61. Standard Polygraph procedure was exercised throughout. Two charts were run on accused with specific reactions to relevant questions. Under interrogation, accused admitted victim told substantially the truth in her testimony in the preliminary hearing and that he has had intercourse with her twice. Dep. Sheriff Glenn Wilcox observed the examination. Three charts were run on victim. Specific reactions were given to questions concerning sexual relations with more boys than she has told about. She admitted she had intercourse once when she was four years old and once (with Roger Sailor) when she was about seven. She dogmatically stated these were the only times except for the two times with accused. Specific reactions indicate she has not told the complete truth in this case. She seems very doubtful when asked if she is sure that accused is the father of her child, but will make no admissions in this except to state that accused is the father. It is my opinion that she has told the truth about having intercourse with accused but has not told the complete truth about sexual relations with other persons.

Re: Commonwealth v. Lonnie Reynolds

Dear Mr. Wharton:

To confirm our discussion of the above captioned case, I feel that it would be advantageous to have your client submit to a lie detector test. The family of the girl is very anxious that this case be sent to the grand jury at the December term, and therefore it will be necessary to have this lie detector test made prior to December 18.

As I have previously informed you, if he does submit to this test and the results show conclusively that he is not involved in the commission of the crime with which he is charged, I will have the case against him dismissed. However, if the test is not conclusive or should show that he is guilty then I will go ahead with the prosecution of this case.

Please advise me if your client desires to take this test, and if so, we will make arrangements to have it done by the State Police in Culpeper, Virginia. Thank you for your cooperation in this matter.

Very truly yours,

James R. Sipe
