The State Commission on Conservation

hundred (37,400) acres of land
more or less, Defendants

Your respondents, E.H. DeJarnette, Jr. and H. M. DeJarnette, except to the commissioner's report filed in this cause on May 18th, 1932, same being Record 49, Tract 157, which only allowed your respondents \$1186.50 for the total value of their said property, on the ground that the allowance is absolutely unequitable, inadequate, unfair and unjust. That your respondents have only been allowed for their orchard \$850.00. That the crop of apples marketed from this tract of land for the year 1931 was 881 barrels for which your respondents paid forty-five cents per barrel. Your respondents hereto attach cancelled checks for the said barrels, all of which were for apples raised on the 52 acres of land in the year 1931. While it is true that the apple market was not profitable for the year 1931, that your respondents have on several occasions netted more than \$1.00 per barrel for the apples grown on these trees, so that the \$850.00 allowed for the said orchard was only an actual fair rental value of the orchard for one year. That on one occasion your respondents netted \$1500.00 clear from the apples from said orchard and on two occasions have exported as high as 1300 barrels from their said orchard. On account of adverse market they were not picked closely for the year 1931. Your respondents also attach their cold storage receipts and shipping receipts for the said apples as a part of this their exceptions, and pray that said receipts be read as a part of this exceptions. That approximately one-third of the apples raised in

this orchard are Pippins and the rest York Imperials. That there were actually counted by your respondent and the said commissioners about 850 thrifty apple trees and that \$5.00 per tree for the apple trees would be an absurdly low figure. That the said apple orchard is really worth not less than \$5,000.00. That your respondents fenced in the said orchard in 1930 with a good wire fencing, at an expense of at least \$125.00. It is a known fact that assessments of property in Rappahannock County have not averaged one-third of its true value, and your respondents and exceptants hereto attach the tax receipts for the years 1925 and 1927, showing that same was assessed at \$1710.00 for 1925 and \$1450.00 for 1927, and that your respondents paid tax on valuation of \$1400.00 on December 18, 1930, which said tax receipt is hereto attached as a part of this exception. That the report of said commissioners absolutely ignores the evidence and showed partiality and bias and a failure to understand the rights of your respondents. That in the year 1931 the road had been recently fixed so that the 1931 crop was gathered in trucks which went all the way to the residence on said orchard on said mountain. Therefore, your respondents and exceptants pray that they be not deprived of their said property without just compensation and that they be allowed the sum of at least \$5,000.00 which is a true valuation of their said property. Your respondents and exceptants pray that they be either granted a jury trial or other disinterested appraisers be appointed to appraise their said property. Your respondents also hereto attach cancelled checks to J.W. Lamb for getting out said apples.
