Location:

From Swift Run Garage on Spotswood Trail to Swift Run Gap over lands of W. H. Baugher, Q. E. Smith and others.

Description of property:

This is a telephone line approximately two miles long consisting of one metallic and one grounded circuit extending from the Spotswood Trail to the Swift Run Gap over privately owned land. The metallic circuit is a party line and the grounded circuit is used as a trunk line to connect the Elkton and Stanardsville Switchboards. The line wires are 12 gauge B.B. telephone wire.

Estimated construction cost per mile.
