have filed in writing with the record herein, objections to the findings of facts of value by the Board of Appraisal Commissioners as shown by the report of said Board heretofore filed herein, with reference to lands of which they respectively claim to be owners, or in which they respectively claim some right, title, estate, or interest, within the area described in the petition and sought to be condemned:- which objections may be treated as motions by said above named objecting parties, respectively, praying the Court to decline to accept, or to disapprove such findings of facts of value by the said Board of Appraisal Commissioners, as provided in Section 4588 (33) of the Code of Virginia (Section 33 of the Public Park Condemnation Law):

And, thereupon it appearing from the record that the Special Investigators and the Board of Appraisal Commissioners appointed herein have filed with their report and the exhibit sheets attached thereto, a map of the land described in the petition, subdivided into, and purporting to delineate and show all the tracts or parcels of land of diverse ownership included within the area sought to be condemned, and setting forth specifically in said report and the attached exhibit sheets, read together with said map their findings as to the identity and location of the various tracts or parcels of land as to which the said objectors have severally filed claims of record, or in which they claim or appear to have an interest, together with their findings as to the value of each of said tracts or parcels of land and as to claims of incidental damages which will arise from the proposed condemnation thereof:

And it not appearing affirmatively from the said written objections and motions whether the tracts or parcels of land to which they refer, and in which the said objectors claim an interest, are the same tracts or parcels of land as those valued by the Appraisal Commissioners, and found by them to be the tracts or parcels of land owned by the said objectors or in which the said objectors claim to have or appear to have an interest.

And it further appearing to the Court that in order intelligently to consider and pass upon the questions raised by said several objections and motions, and to enable the Court to identify the lands owned

or claimed by the said objectors or in which they claim an interest, it will be useful and necessary, as provided in Section 7 of the Public Park Condemnation Act, to require said objectors to amplify the description of the tracts or parcels of land claimed by them or in which they claim an interest, so as to show whether or not the said objecting parties accept the findings of the said Special Investigators and Board of Appraisal Commissioners as to the location of said tracts or parcels of land within the said area; and if not, so as to show by relation to said map the location of the several tracts or parcels of land severally claimed by said objectors, or in which they severally claim an interest:

Upon motion of petitioner, by counsel, it is adjudged, ordered and decreed that the above named objectors and each of them do, within fifteen days from the entry of this order, file in the Clerk's Office of this Court, with the record of this proceeding, a written statement as follows:

1. Setting forth whether or not the several tracts or parcels of land within the area sought to be condemned, ownership of which is claimed by them or in which they claim an interest, and with reference to which they have severally filed their objections are the same tracts or parcels which were found by the Appraisal Commissioners to be the lands severally owned by them or in which they claim or appear to have an interest, as shown and delineated on said map, read together with said report and exhibit sheets; and,
2. If not, showing by reference to said map, the boundary lines of the tracts or parcels severally claimed by said objectors or in which they severally claim an interest, and setting forth in detail by reference to said map and the numbered tracts or subdivisions shown thereon, the precise location of the tracts or parcels of land severally claimed by them, or in which they severally claim an interest.

It is further ordered that upon the filing of this order the Clerk of the Court shall mail forthwith, a copy thereof to each of said objectors to their several addresses filed with the record as provided in Section 7 of the Public Park Condemnation Act, and also to their respective

attorneys of record, to the addresses of said attorneys filed with the record or otherwise known to said Clerk, and to file with the record a report of the manner and form in which he has complied with this order.

have filed in writing with the record herein, objections to the findings of
facts of value by the Board of Appraisal Commissioners as shown by the report
of said Board heretofore filed herein, with reference to lands of which they
respectively claim to be owners, or in which they respectively claim some right,
title, estate, or interest, within the area described in the petition and sought
to be condemned:- which objections may be treated as motions by said above
named objecting parties, respectively, praying the Court to decline to accept,
or to disapprove such findings of facts of value by the said Board of Appraisal
Commissioners, as provided in Section 4588 (33) of the code of Virginia (Section
33 of the Public Park Condemnation Law):

And, thereupon it appearing from the record that the Special Inves-
tigators and the Board of Appraisal Commissioners appointed herein have filed

with their report and the exhibit sheets attached thereto, a map of the land described in the petition, subdivided into, and purporting to delineate and show all the tracts or parcels of land of diverse ownership included within the area sought to be condemned, and setting forth specifically in said report and the attached exhibit sheets, read together with said map their findings as to the identity and location of the various tracts or parcels of land as to which the said objectors have severally filed claims of record, or in which they claim or appear to have an interest, together with their findings as to the value of each of said tracts or parcels of land and as to claims of incidental damages which will arise from the proposed condemnation thereof:

And it further appearing to the Court that in order intelligently to consider and pass upon the questions raised by said several objections and motions, and to enable the Court to identify the lands owned or claimed by the said objectors or in which they claim an interest, it will be useful and necessary, as provided in Section 7 of the Public Park Condemnation Act, to require said objectors to amplify the description of the tracts or parcels of land claimed by them or in which they claim an interest, so as to show whether or not the said objecting parties accept the findings of the said Special Investigators and Board of Appraisal Commissioners as to the location of said tracts or parcels of land within the said area; and if not, so as to show by relation to said map the location of the several tracts or parcels of land severally claimed by said objectors, or in which they severally claim an interest:

Upon motion of petitioner, by counsel, it is adjudged, ordered and decreed that the above named objectors and each of them do, within fifteen days from the entry of this order, file in the Clerk's Office of this Court, with the record of this proceeding, a written statement as follows:

1. Setting forth whether or not the several tracts or parcels of land within the area sought to be condemned, ownership of which is claimed by them or in which they claim an interest, and with reference to which they have severally filed their objections are the same tracts or parcels which were found

by the Appraisal Commissioners to be the lands severally owned by them or in which they claim or appear to have an interest, as shown and delineated on said map, read together with said report and exhibit sheets; and,

2. If not, showing by reference to said map, the boundary lines of the tracts or parcels severally claimed by said objectors or in which they severally claim an interest, and setting forth in detail by reference to said map and the numbered tracts or subdivisions shown thereon, the precise location of the tracts or parcels of land severally claimed by them, or in which they severally claim an interest.

It is further ordered that upon the filing of this order the Clerk of the Court shall mail forthwith, a copy thereof to each of said objectors to their several addresses filed with the record as provided in Section 7 of the Public Park Condemnation Act, and also to their respective attorneys of record, to the addresses of said attorneys filed with the record or otherwise known to said Clerk, and to file with the record a report of the manner and form in which he has complied with this order.

A. Lovice Keezel, Executrix,	Frank W. Yancey,
G. Luther Kite,	J. A. Alexander,
	A. S. Kemper,
	Sallie A. Kite,

have filed in writing with the record herein, objections to the findings of
facts of value by the Board of Appraisal Commissioners as shown by the report
of said Board heretofore filed herein, with reference to lands of which they
respectively claim to be owners, or in which they respectively claim some right,
title, estate, or interest, within the area described in the petition and sought
to be condemned:- which objections may be treated as motions by said above
named objecting parties, respectively, praying the Court to decline to accept,
or to disapprove such findings of facts of value by the said Board of Appraisal
Commissioners, as provided in Section 4588 (33) of the code of Virginia (Section
33 of the Public Park Condemnation Law):

And, thereupon it appearing from the record that the Special Inves-
tigators and the Board of Appraisal Commissioners appointed herein have filed

with their report and the exhibit sheets attached thereto, a map of the land described in the petition, subdivided into, and purporting to delineate and show all the tracts or parcels of land of diverse ownership included within the area sought to be condemned, and setting forth specifically in said report and the attached exhibit sheets, read together with said map their findings as to the identity and location of the various tracts or parcels of land as to which the said objectors have severally filed claims of record, or in which they claim or appear to have an interest, together with their findings as to the value of each of said tracts or parcels of land and as to claims of incidental damages which will arise from the proposed condemnation thereof:

And it not appearing affirmatively from the said written objections and motions whether the tracts or parcels of land to which they refer, and in which the said objectors claim an interest, are the same tracts or parcels of land as those valued by the Appraisal Commissioners, and found by them to be the tracts or parcels of land owned by the said objectors or in which the said objectors claim to have or appear to have an interest.

And it further appearing to the Court that in order intelligently to consider and pass upon the questions raised by said several objections and motions, and to enable the Court to identify the lands owned or claimed by the said objectors or in which they claim an interest, it will be useful and necessary, as provided in Section 7 of the Public Park Condemnation Act, to require said objectors to amplify the description of the tracts or parcels of land claimed by them or in which they claim an interest, so as to show whether or not the said objecting parties accept the findings of the said Special Investigators and Board of Appraisal Commissioners as to the location of said tracts or parcels of land within the said area; and if not, so as to show by relation to said map the location of the several tracts or parcels of land severally claimed by said objectors, or in which they severally claim an interest:

Upon motion of petitioner, by counsel, it is adjudged, ordered and decreed that the above named objectors and each of them do, within fifteen days from the entry of this order, file in the Clerk's Office of this Court, with the record of this proceeding, a written statement as follows:

1. Setting forth whether or not the several tracts or parcels of land within the area sought to be condemned, ownership of which is claimed by them or in which they claim an interest, and with reference to which they have severally filed their objections are the same tracts or parcels which were found

as shown by the report of said Board heretofore filed herein, with reference to lands of which they respectively claim to be owners, or in which they respectively claim some right, title, estate, or interest, within the area described in the petition and sought to be condemned:- which objections may be treated as motions by said above named objecting parties, respectively, praying the court to decline to accept, or to disapprove such findings of facts of value by the said Board of Appraisal Commissioners, as provided in Section 4588 (33) of the Code of Virginia (Section 33 of the Public Park Condemnation Law):

And, thereupon it appearing from the record that the Special Investigators and the Board of Appraisal Commissioners appointed herein have filed ~~with their~~ report and the exhibit sheets attached thereto, a map of the land described in the petition, subdivided into, and purporting to delineate and show all the tracts or parcels of land of diverse ownership included within the area sought to be condemned, and setting forth specifically in said report and the attached exhibit sheets, read together with said map their findings ~~as to~~ the identity and location of the various tracts or parcels of land as to which the said objectors have severally filed claims of record, or in which they claim or appear to have an interest, together with their findings as to the value of each of said tracts or parcels of land and as to ~~claims~~ of incidental damages which will arise from the proposed condemnation thereof:

And it not appearing affirmatively from the said written objections and motions whether the tracts or parcels of land to which they refer, and in which the said objectors claim an interest, are the same tracts or parcels of land as those valued by the Appraisal Commissioners, and found by them to be the tracts or parcels of land owned by the said objectors or in which the

said objectors claim to have or appear to have an interest.

And it further appearing to the Court that in order intelligently to consider and pass upon the questions raised by said several objections and motions, and to enable the Court to identify the lands owned or claimed by the said objectors or in which they claim an interest, it will be useful and necessary, as provided in Section 7 of the Public Park Condemnation Act, to require said objectors to amplify the description of the tracts or parcels of land claimed by them or in which they claim an interest, so as to show whether or not the said objecting parties accept the findings of the said Special Investigators and Board of Appraisal Commissioners as to the location of said tracts or parcels of land within the said area; and if not, so as to show by relation to said map the location of the several tracts or parcels of land severally claimed by said objectors, or in which they severally claim an interest:

Upon motion of petitioner, by counsel, it is adjudged, ordered and decreed that the above named objectors and each of them do, within fifteen days from the entry of this order, file in the Clerk's Office of this Court, with the record of this proceeding, a written statement as follows:

1. Setting forth whether or not the several tracts or parcels of land within the area sought to be condemned, ownership of which is claimed by them or in which they claim an interest, and with reference to which they have severally filed their objections are the same tracts or parcels which were found by the Appraisal Commissioners to be the lands severally owned by them or in which they claim or appear to have an interest, as shown and delineated on said map, read together with said report and exhibit sheets; and,

2. If not, showing by reference to said map, the boundary lines of the tracts or parcels severally claimed by said objectors or in which they severally claim an interest, and setting forth in

detail by reference to said map and the numbered tracts or subdivisions shown thereon, the precise location of the tracts or parcels of land severally claimed by them, or in which they severally claim an interest.

It is further ordered that upon the filing of this order the Clerk of the Court shall mail forthwith, a copy thereof to each of said objectors to their several addresses filed with the record as provided in Section 7 of the Public Park Condemnation Act, and also to their respective attorneys of record, to the addresses of said attorneys filed with the record or otherwise known to said clerk, and to file with the record a report of the manner and form in which he has complied with this order.

have filed in writing with the record herein, objections to the findings of
facts of value by the Board of Appraisal Commissioners as shown by the report
of said Board heretofore filed herein, with reference to lands of which they
respectively claim to be owners, or in which they respectively claim some right,
title, estate, or interest, within the area described in the petition and sought
to be condemned:- which objections may be treated as motions by said above
named objecting parties, respectively, praying the Court to decline to accept,
or to disapprove such findings of facts of value by the said Board of Appraisal
Commissioners, as provided in Section 4588 (33) of the code of Virginia (Section
33 of the Public Park Condemnation Law):

And, thereupon it appearing from the record that the Special Inves-
tigators and the Board of Appraisal Commissioners appointed herein have filed

with their report and the exhibit sheets attached thereto, a map of the land described in the petition, subdivided into, and purporting to delineate and show all the tracts or parcels of land of diverse ownership included within the area sought to be condemned, and setting forth specifically in said report and the attached exhibit sheets, read together with said map their findings as to the identity and location of the various tracts or parcels of land as to which the said objectors have severally filed claims of record, or in which they claim or appear to have an interest, together with their findings as to the value of each of said tracts or parcels of land and as to claims of incidental damages which will arise from the proposed condemnation thereof:

Upon motion of petitioner, by counsel, it is adjudged, ordered and decreed that the above named objectors and each of them do, within fifteen days from the entry of this order, file in the Clerk's Office of this Court, with the record of this proceeding, a written statement as follows:

1. Setting forth whether or not the several tracts or parcels of land within the area sought to be condemned, ownership of which is claimed by them or in which they claim an interest, and with reference to which they have severally filed their objections are the same tracts or parcels which were found

by the Appraisal Commissioners to be the lands severally owned by them or in which they claim or appear to have an interest, as shown and delineated on said map, read together with said report and exhibit sheets; and,

2. have filed in writing with the record herein, objections to the findings of
facts of value by the Board of Appraisal Commissioners as shown by the report
of said Board heretofore filed herein, with reference to lands of which they
respectively claim to be owners, or in which they respectively claim some right,
title, estate, or interest, within the area described in the petition and sought
to be condemned:- which objections may be treated as motions by said above
named objecting parties, respectively, praying the Court to decline to accept,
or to disapprove such findings of facts of value by the said Board of Appraisal
Commissioners, as provided in Section 4588 (33) of the code of Virginia (Section
33 of the Public Park Condemnation Law):

And, thereupon it appearing from the record that the Special Inves-
tigators and the Board of Appraisal Commissioners appointed herein have filed

with their report and the exhibit sheets attached thereto, a map of the land described in the petition, subdivided into, and purporting to delineate and show all the tracts or parcels of land of diverse ownership included within the area sought to be condemned, and setting forth specifically in said report and the attached exhibit sheets, read together with said map their findings as to the identity and location of the various tracts or parcels of land as to which the said objectors have severally filed claims of record, or in which they claim or appear to have an interest, together with their findings as to the value of each of said tracts or parcels of land and as to claims of incidental damages which will arise from the proposed condemnation thereof:

And it not appearing affirmatively from the said written objections and motions whether the tracts or parcels of land to which they refer, and in which the said objectors claim an interest, are the same tracts or parcels of land as those valued by the Appraisal Commissioners, and found by them to be the tracts or parcels of land owned by the said objectors or in which the said objectors claim to have or appear to have an interest.

And it further appearing to the Court that in order intelligently to consider and pass upon the questions raised by said several objections and motions, and to enable the Court to identify the lands owned or claimed by the said objectors or in which they claim an interest, it will be useful and necessary, as provided in Section 7 of the Public Park Condemnation Act, to require said objectors to amplify the description of the tracts or parcels of land claimed by them or in which they claim an interest, so as to show whether or not the said objecting parties accept the findings of the said Special Investigators and Board of Appraisal Commissioners as to the location of said tracts or parcels of land within the said area; and if not, so as to show by relation to said map the location of the several tracts or parcels of land severally claimed by said objectors, or in which they severally claim an interest:

Upon motion of petitioner, by counsel, it is adjudged, ordered and decreed that the above named objectors and each of them do, within fifteen days from the entry of this order, file in the Clerk's Office of this Court, with the record of this proceeding, a written statement as follows:

1. Setting forth whether or not the several tracts or parcels of land within the area sought to be condemned, ownership of which is claimed by them or in which they claim an interest, and with reference to which they have severally filed their objections are the same tracts or parcels which were found

by the Appraisal Commissioners to be the lands severally owned by them or in which they claim or appear to have an interest, as shown and delineated on said map, read together with said report and exhibit sheets; and,

2. If not, showing by reference to said map, the boundary lines of the tracts or parcels severally claimed by said objectors or in which they severally claim an interest, and setting forth in detail by reference to said map and the numbered tracts or subdivisions shown thereon, the precise location of the tracts or parcels of land severally claimed by them, or in which they severally claim an interest.

It is further ordered that upon the filing of this order the Clerk of the Court shall mail forthwith, a copy thereof to each of said objectors to their several addresses filed with the record as provided in Section 7 of the Public Park Condemnation Act, and also to their respective attorneys of record, to the addresses of said attorneys filed with the record or otherwise known to said Clerk, and to file with the record a report of the manner and form in which he has complied with this order.
